1. Death & TPD insurance cover

This information is incorporated into section 8 of the Product Disclosure Statement.

Death & TPD (or Death Only)			
Death & TPD (or Death Only) Cover	Automatic insurance is not available for new members.		
	For members who have transferred from another division of the Fund where you previously held insurance cover. You may be eligible to maintain your existing cover, but there are exceptions. If you have an account balance of less than \$6,000, you are under 25 when you join Resource Super - General and you have not previously confirmed you wish to keep your cover, you will need to apply (opt in) for cover.		
	Otherwise, you may be provided with replacement insurance cover in <i>Resource Super - General</i> based on the level of insurance cover you held immediately prior to ceasing employment. You will receive at least the same dollar amount of cover. If your cover within Resource Super – Employer was a fixed dollar value then this will continue at the same level of cover, otherwise the cover you receive is unitised.		
	To opt in to insurance, please log on to your online account or complete and return the Insurance Opt-in Form (available on our website or call us for a copy). If you had no cover on the date of leaving your employer there will be no cover issued to you upon transfer to <i>Resource Super - General</i> . However, you can apply for insurance cover at any time. The insurer will assess your application and decide whether to accept or decline your request.		
Insurance fees per unit per week	Determined by:		
	➤ Type of cover (i.e. Death Only or Death & TPD); and		
	➤ Occupational Category as classified by the insurer.

The Total and Permanent Disablement cover is reduced by 20% each year from the insured person's age next birthday of 66. The definition of Total and Permanent Disablement applicable to an insured person whose age next birthday is 66 and above will be restricted to parts (a), (b) and (d) of the Total and Permanent Disablement definition.

2. Voluntary Death & TPD insurance cover

Additional cover for Death & TPD (or Death Only)

Increasing your cover	<p>You may elect to increase your cover by taking out voluntary Death only or Death and TPD insurance cover. There are two types of cover available:</p> <ul style="list-style-type: none"> > age-based unitised cover (i.e. the value of each unit varies with your age) > a fixed dollar amount (i.e. fixed cover that does not reduce with age). <p>However, insurance cover cannot be a combination of both. There is no limit in the amount of Death cover you can apply for but a \$3 million limit applies to TPD cover.</p> <p>You can request a change to your insurance cover at any time.</p> <p>All voluntary insurance cover is underwritten, which means that you will be asked to provide health evidence to the insurer. Insurance cover is only provided after the insurer has assessed your health evidence and confirmed you have been accepted.</p> <p>The insurer's acceptance may exclude any pre-existing conditions and may be subject to an insurance fee loading.</p>
Fixing your cover	<p>If you don't want your insurance cover to reduce each year, you can apply to fix the dollar amount of your Death and TPD cover. The fees you pay will vary each year according to your age and your Occupational Category. The table below shows the insurance fees associated with Fixed Death and TPD cover.</p>

Below is the annual insurance fee of fixed cover per \$1,000 per year, based on age next birthday and Occupational Category

3. Income Protection cover

Income Protection cover

For new members, Income Protection is not issued automatically. If you want this cover, you must apply for it and provide evidence of your health to the insurer, who will decide whether to accept (on standard terms or non-standard terms) or decline your application. For members transferring from Resource Super – Employer the level of insurance will automatically continue as replacement cover, unless you are under age 25 or have less than \$6,000 at the time of transfer. In that case, you will need to opt in upon transfer, to retain your income protection cover. Where you are provided with replacement cover, it will be on the following basis:

75% of Salary with: Benefit period of **2 years**; and Waiting period of **90 days**

Your replacement Income Protection cover (if any), will generally be the lower of:

The amount of your cover in Resource Super – Employer on your last day of employment, and 75% of the last 'salary' advised by your employer to us.

Please note that in the *Resource Super - General Division* the amount of your Income Protection cover will be capped and will not increase as your salary increases. The insurance fee for your Income Protection will be based on the salary we hold for you. If your salary reduces you can apply to reduce your insured cover. The actual benefit payment will be based upon the 'Salary' at the date of disability as calculated by the insurer. Please see the Salary definition (for Income Protection purposes) in 'The insurer's definitions' section of the Insurance, Fees and Costs Guide - Part 1 for further details.

You can cancel or reduce your cover. If you want to increase your cover to keep up with any future salary increases you will need to apply to the insurer and provide evidence of your health. The insurer will decide whether to accept (on standard or non-standard terms) or decline your application for increased cover.

4. Sample calculation for insurance

Sample calculations – Insurance

Sample insurance calculations

Jim is a 35-year-old office worker who works full-time and earns a base salary of \$50,000 a year. Jim's occupational category is 'White Collar'.

- > **If Jim has two units of Death & TPD insurance**, Jim's Death & TPD Insured benefit would be \$300,000. The insurance fee would be \$10.94 ($\5.47×2) per week or \$568.88 per year.
- > **If Jim has two units of Death & TPD insurance and decided to increase his death only cover by an additional two units**, Jim's Death insured benefit would be \$600,000 ($\$150,000 \times 4$ units) however his TPD insured benefit would remain at \$150,000. His insurance fees would be $\$10.94 + (\$2.59 \times 2) = \$16.12$ per week or \$838.24 per year.
- > **Jim has an Income Protection cover which is calculated as follows:**
 - = Salary as defined by the insurer x 75%
 - = $\$50,000 \times 75\%$
 - = \$37,500 per year

The insurance fees would be calculated as:

 - = Annual benefit / 1,000 x White Collar rate for age next birthday 36 years
 - = $\$37,500 / 1,000 \times \1.80
 - = \$67.50 per year
 - = \$1.30 per week

	Plus a fixed dollar fee of \$60.00 per year	
	In the 2022/2023 financial year, the Trustee incurred excess administration costs of approximately 0.01% of Fund assets that were paid from the Fund reserve	
Investment fees and costs ⁵	0.65% per year ⁶	The asset based administration fee and the fixed dollar fee are deducted from your account on the last Friday of each month ² . The fixed-dollar fee will be indexed with AWOTE ³ at 1 October each year. <i>The Trustee passes through the tax deductions it receives.⁴</i> The Trustee Administration Fee is deducted from the investment returns. It is not deducted from your account. The Fund reserve is maintained by the Trustee to operate the Fund. This includes paying for some expenses, such as costs associated with product and strategic services provided to the Trustee. These expenses are deducted from the Fund reserve, as required, and are not deducted from your account.
Transaction costs	0.10% per year	The investment fees and costs are deducted from the investment returns before the net earnings are declared and applied to your account. They are not deducted from your account. Please refer to the 'Additional explanation of fees and costs' section of your Investment Guide for further information.

Other fees and costs ⁷	Insurance fees: For insurance fees, refer to 'Types of insurance cover within Resource Super' in this Guide.	Not applicable.
	Family Law fees: Family Law fees are payable for information requests.	The insurance fee is calculated monthly and deducted from your account on the last Friday of the month.
		For Family Law fees, refer to the 'Additional explanation of fees and costs' section of your Super Guide.

1. If your account balance for a product offered by the superannuation entity is less than \$6,000 at the end of the entity's income year, certain fees and costs charged to you in relation to administration and investment are capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded.

2. The asset based administration fee applies to the first \$1 million of your total account balance and will depend on the investment option you are invested in. This fee may be charged in two parts and show as separate transactions in your account. Please refer to the 'Additional explanation of fees and costs' section of this document for further information on how the cap applies.
3. AWOTE means Average Weekly Ordinary Times Earnings.
4. As the Trustee passes through the tax deduction it receives, the deduction you will see for the fees described above is 0.1275% per year for the GoalTracker investment option, and 0.1785% per year for other investment options and \$51.00 per year for the fixed-dollar fee.
5. The Investment fee varies according to the option you invest in. The quoted fee here is for the GoalTracker option.
6. Investment fees and costs includes an amount of 0.08% per year for performance fees. The calculation basis for this amount is set out under the "Additional explanation of fees and costs" section of the Investment Guide.
7. Additional fees may apply. Refer to the 'Additional explanation of fees and costs' section of your Super Guide.

Example of annual fees and costs for a superannuation product

This table gives an example of how the ongoing annual fees and costs for the GoalTracker option for this superannuation product can affect your superannuation investment over a 1-year period. You should use this table to compare this superannuation product with other superannuation products.

EXAMPLE: GOALTRACKER INVESTMENT OPTION		BALANCE OF \$50,000
Administration fees and costs	0.17% per year Plus \$60.00 per year Plus 0.01% (paid from the Fund reserve) ¹	For every \$50,000 you have in the superannuation product, you will be charged or have deducted from your investment \$90.00 in administration fees and costs, plus \$60.00 regardless of your balance
PLUS Investment fees and costs	0.65% per year	And , you will be charged or have deducted from your investment \$325.00 in investment fees and costs
PLUS Transaction costs	0.10% per year	And , you will be charged or have deducted from your investment \$50.00 in transaction costs
EQUALS Cost of product²:		If your balance was \$50,000, at the beginning of the year, then for that year you will be charged fees and costs of \$525.00³ for the superannuation product.

1. This reflects the excess administration costs incurred by the Trustee and paid from the Fund reserve in the 2022/2023 financial year, the Trustee incurred additional administration costs (as described in the Fees and Costs table above).
2. Additional fees may apply.
3. The Trustee passes on the tax deductions it receives so the estimated cost to you would be **\$504.75**.

WARNING:

Additional fees may be paid out of your superannuation account to an external financial adviser for advice in relation to your Resource Super membership. This fee will be a dollar amount or percentage-based fee as agreed between you and your adviser and set out in a Statement of Advice provided to you by your adviser.

Important note:

- > For more information on the fees and costs related to the investment options, please refer to your Investment Guide.
- > For the 'Additional explanation of fees and costs' and a list of Defined Fees as per superannuation law, please refer to your Super Guide.

Additional explanation of fees and costs

The asset based administration fee applies to the first \$1 million of your account balance and will depend on the investment option you are invested in. The asset based administration fee for any excess account balance over \$1 million is nil.

If your total account balance is invested in the GoalTracker investment option, this fee will be charged in one part and show as one transaction in your account: 0.15% per year on your total account balances up to \$1 million.

If you are invested in investment options other than the GoalTracker investment option, this fee may be charged in two parts and show as separate transactions in your account: 0.15% per year and 0.06% per year on your total account balances up to \$1 million (i.e. 0.21% on balances in other investment options).

If you are invested in both the GoalTracker investment option and other investment options, the \$1 million cap is applied as follows:

- > The 0.15% per year asset based administration fee is charged on your balance in the GoalTracker investment option up to \$1 million.
- > If the amount in the GoalTracker investment option is less than \$1 million, then the 0.21% per year asset based administration fee is charged on the portion of your balance invested in other investment options, up to a total account balance of \$1 million.

For example: if you have \$800,000 invested in the GoalTracker investment option and \$300,000 invested in investment options other than the GoalTracker investment option (a combined balance of \$1.1 million), the asset based administration fees you are charged would be calculated as follows:

Step 1 - the 0.15% per year asset based administration fee applying to your balance invested in the GoalTracker investment option will be calculated first (i.e. on the \$800,000, as this is under \$1 million).

Step 2 - the 0.21% per year asset based administration fee applying to your balance invested in the other investment options will be applied, considering the total combined balance up to \$1 million. In this example, the asset based administration fee will only be charged on \$200,000 of your balance invested in the other investment options.

Cost of product for 1 year

The cost of product gives a summary calculation about how ongoing annual fees and costs can affect your superannuation investment over a 1-year period for all superannuation products and investment options. It is calculated in the manner shown in the Example of annual fees and costs.

The cost of product information assumes a balance of \$50,000 at the beginning of the year. (Additional fees such as a buy-sell spread may apply: refer to the Fees and costs summary for the relevant superannuation product or investment option.)
