Directors' report

The directors of Russell Investment Management Ltd. (ABN 53 068 338 974 AFSL No. 247185), the Responsible Entity of Russell Investments International Bond Fund - \$A Hedged (the "Fund"), present their report together with the financial statements of the Fund, for the year ended 30 June 2025.

Principal activities

The Fund invests predominantly in debt securities issued by supranationals, international government, quasi-government, agencies and corporates as well as structured credit securities including mortgage and asset backed securities or their associated derivatives as set out in the Fund's governing documents and in accordance with the provisions of the Fund's constitution. The Fund also invests in unlisted unit trusts.

The Fund utilises a multi-asset, multi-style, multi-manager investment approach which combines the individual strengths of multiple investment managers.

The Fund did not have any employees during the year.

There were no significant changes in the nature of the Fund's activities during the year or since the end of the year and up to the date of this report.

Directors

The following persons held office as directors of Russell Investment Management Ltd. during the year or since the end of the year and up to the date of this report:

Jason Edgar (appointed as Managing Director and Chair of the Board, effective 12 August 2025)

Bronwyn Yates

James Harwood

Neil Rogan

David MacKenzie (retired, effective 4 July 2025)

Timothy Furlan (resigned, effective 11 February 2025)

Review and results of operations

There have been no significant changes to the Fund's operations since the previous financial year. During the year, the Fund continued to invest in accordance with its investment objective and investment strategy as set out in the governing documents of the Fund and the provisions of the Fund's constitution.

Results

The performance of the Fund, as represented by the results of its operations, was as follows:

	Year ended		
	30 June 2025	30 June 2024	
Operating profit/(loss) before finance costs attributable to unitholders (\$'000)	47,331	28,181	
Distributions - Class A			
Distribution paid and payable (\$'000)	<u>-</u>	<u>-</u>	
Distribution (Cents per unit - CPU)			
Distributions - Class D			
Distribution paid and payable (\$'000)			
Distribution (Cents per unit - CPU)			

Directors' report (continued)

Significant changes in state of affairs

In the opinion of the directors, there were no significant changes in the state of affairs of the Fund that occurred during the financial year.

Matters subsequent to the end of the financial year

No matter or circumstance has arisen since 30 June 2025 that has significantly affected, or may significantly affect:

- (i) the operations of the Fund in future financial years, or
- (ii) the results of those operations in future financial years, or
- (iii) the state of affairs of the Fund in future financial years.

Likely developments and expected results of operations

The Fund will continue to be managed in accordance with the investment objectives and guidelines as set out in the governing documents of the Fund and in accordance with the provisions of the Fund's constitution.

The results of the Fund's operations will be affected by a number of factors, including the performance of investment markets in which the Fund invests. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Further information on likely developments in the operations of the Fund and the expected results of those operations have not been included in this report because the Responsible Entity believes it would be likely to result in unreasonable prejudice to the Fund.

Indemnity and insurance of officers and auditors

No insurance premiums are paid for out of the assets of the Fund in regards to insurance cover provided to either the officers of Russell Investment Management Ltd. or the auditors of the Fund. So long as the officers of Russell Investment Management Ltd. act in accordance with the Fund's constitution and the Law, the officers remain indemnified out of the assets of the Fund against losses incurred while acting on behalf of the Fund. The auditors of the Fund are in no way indemnified out of the assets of the Fund.

Fees paid to and interests held in the Fund by the Responsible Entity or its associates

Fees paid to the Responsible Entity and its associates out of Fund property during the year are disclosed in note 16 of the financial statements.

No fees were paid out of Fund property to the directors of the Responsible Entity during the year.

The number of interests in the Fund held by the Responsible Entity or its associates as at the end of the financial year are disclosed in note 16 of the financial statements.

Interests in the Fund

The movement in units on issue in the Fund during the year is disclosed in note 11 of the financial statements.

The value of the Fund's assets and liabilities is disclosed in the statement of financial position and derived using the basis set out in note 2 of the financial statements.

Environmental regulation

The operations of the Fund are not subject to any particular or significant environmental regulations under Commonwealth, State or Territory law.

Rounding of amounts to the nearest thousand dollars

Amounts in the Directors' report have been rounded to the nearest thousand dollars in accordance with *Australian Securities & Investments Commission ("ASIC") Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, unless otherwise indicated.

Directors' report (continued)

Auditor's independence declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 5.

This report is made in accordance with a resolution of the directors.

Auditor's Independence Declaration

As lead auditor for the audit of Russell Investments International Bond Fund - \$A Hedged for the year ended 30 June 2025, I declare that to the best of my knowledge and belief, there have been:

- a. no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- b. no contraventions of any applicable code of professional conduct in relation to the audit.

Custody fees Auditor's remuneration	14	2 44 41	426 35	
Transaction costs	14	186		
			279	
Other operating expenses		173	65	
Total operating expenses		1,713	2,516	
Operating profit/(loss) for the year		47,331	28,181	
Finance costs attributable to unitholders				
(Increase)/decrease in net assets attributable to unitholders	11	(47,331)	(28,181)	
Profit/(loss) for the year		<u>-</u>		
Other comprehensive income for the year				
Total comprehensive income for the year			<u>-</u>	

The above statement of comprehensive income should be read in conjunction with the accompanying notes.

Statement of financial position

		As at		
		30 June 2025	30 June 2024	
	Notes	\$'000	\$'000	
Assets				
Cash and cash equivalents	12	89,502	70,263	
Deposits held with brokers for margin		28,211	19,664	
Receivables		9,142	6,564	
Due from brokers - unsettled sales		12,399	4,440	
Financial assets at fair value through profit or loss	7	939,491	830,941	
Total assets		1,078,745	931,872	
Liabilities				
Payables		3,283	965	
Payable for margin accounts		4,323	3,135	
Due to brokers - unsettled purchases		48,136	44,229	
Financial liabilities at fair value through profit or loss	8	22,578	8,878	
Total liabilities (excluding net assets attributable to unitholders)		78,320	57,207	
Net assets attributable to unitholders - liability	11	1,000,425	874,665	

The above statement of financial position should be read in conjunction with the accompanying notes.

Statement of changes in equity

	Year ended		
	30 June 2025	30 June 2024	
	\$'000	\$'000	
Total equity at the beginning of the financial year	-	-	
Profit/(loss) for the year	-	-	
Other comprehensive income			
Total comprehensive income			
Transactions with owners in their capacity as owners			
Total equity at the end of the financial year			

Under Australian Accounting Standards, net assets attributable to unitholders are classified as a liability rather than equity. As a result there was no equity at the start or end of the year.

The above statement of changes in equity should be read in conjunction with the accompanying notes.

Statement of cash flows

		Year en	ded
		30 June 2025	30 June 2024
	Notes	\$'000	\$'000
Cash flows from operating activities			
Proceeds from sale of financial instruments at fair value through profit or loss		2,129,144	1,667,511
Purchase of financial instruments at fair value through profit or loss		(2,214,393)	(1,634,651)

Proceeds from applications by unitholders		200,691	237,133
Payments for redemptions by unitholders		(121,089)	(376,413)
Net cash inflow/(outflow) from financing activities		79,602	(139,280)
Net increase/(decrease) in cash and cash equivalents		19,361	(65,297)
Cash and cash equivalents at the beginning of the year		70,263	135,888
Effects of foreign currency exchange rate changes on cash and cash equivalents		(122)	(328)
Cash and cash equivalents at the end of the year	12	89,502	70,263
Non-cash financing activities	13(b)		

The above statement of cash flows should be read in conjunction with the accompanying notes.

1 General information

The financial statements cover Russell Investments International Bond Fund - \$A Hedged (the "Fund") as an individual entity. The Fund was constituted on 1 December 1997. The Fund will terminate on 30 November 2077 unless terminated earlier in accordance with the provisions of the Fund's constitution.

The Responsible Entity of the Fund is Russell Investment Management Ltd. (the "Responsible Entity"). The Responsible Entity's registered office is Level 28, 85 Castlereagh Street, Sydney, NSW 2000. The financial statements are presented in the Australian currency.

The Fund invests predominantly in debt securities issued by supranationals, international government, quasi-government, agencies and corporates as well as structured credit securities including mortgage and asset backed securities or their associated derivatives as set out in the Fund's governing documents and in accordance with the provisions of the Fund's constitution. The Fund also invests in unlisted unit trusts.

The financial statements were authorised for issue by the directors of the Responsible Entity on 24 September 2025. The directors of the Responsible Entity have the power to amend and reissue the financial statements.

2 Material accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated in the following text.

(a) Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001* in Australia. The Fund is a for-profit fund for the purpose of preparing the financial statements.

The financial statements are prepared on the basis of fair value measurement of assets and liabilities except where otherwise stated.

The statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current. All balances are expected to be recovered or settled within twelve months, except for investments in financial assets and liabilities and net assets attributable to unitholders.

The Fund manages financial assets at fair value through profit or loss based on the economic circumstances at any given point in time, as well as to meet any liquidity requirements. As such, it is expected that a portion of the portfolio will be realised within twelve months, however, an estimate of that amount cannot be determined as at reporting date.

Compliance with International Financial Reporting Standards (IFRS)

The financial statements of the Fund also comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

New and amended accounting standards adopted by the Fund

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the financial year beginning 1 July 2024 that have a material impact on the amounts recognised in the prior periods or will affect the current or future periods.

New standards, amendments and interpretations effective after 1 July 2025 and have not been early adopted

A number of new accounting standards, amendments to standards and interpretations have been published that are effective for annual periods beginning after 1 July 2025, and have not been early adopted in preparing these financial statements.

(a) Basis of preparation (continued)

The Fund's assessment of the impact of these new standards and amendments is set out below:

(i) AASB 18 Presentation and Disclosure in Financial Statements (("AASB 18") effective for annual periods beginning on or after 1 January 2027)

The IASB issued the new standard on presentation and disclosure in financial statements, which replaces AASB 101 Presentation of Financial Statements, with a focus on updates to the statement of comprehensive income.

The key new concepts introduced in AASB 18 relate to:

- the structure of the statement of comprehensive income with defined subtotals;
- the requirement to determine the most useful structured summary for presenting expenses in the statement of comprehensive income;
- required disclosures in a single note within the financial statements for certain profit or loss performance measures that are reported outside an entity's financial statements (that is, management-defined performance measures); and
- enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes in general.
- (ii) Amendments to the Classification and Measurement of Financial Instruments Amendments to AASB 9 and AASB 7 (effective for annual periods beginning on or after 1 January 2026)

The AASB issued targeted amendments to AASB 9 and AASB 7 to respond to recent questions arising in practice, and to include new requirements for all reporting entities. Among other amendments, the AASB included clarifying the date of recognition and derecognition of some financial assets and liabilities, with a new exception for some financial liabilities settled through an electronic cash transfer system.

The Fund is currently assessing the effects of the forthcoming standards and amendments.

No other new standards or amendments to standards are expected to have a material effect on the financial statements of the Fund.

(b) Financial assets and liabilities at fair value through profit or loss

(i) Classification

Assets

The Fund classifies its investments based on its business model for managing those financial assets and the contractual cash flow characteristics. The Fund's portfolio of financial assets is managed and performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy. The Fund's policy is for the Responsible Entity to evaluate the information about these financial assets on a fair value basis together with other related financial information.

For equity securities, unit trusts and derivatives, the contractual cash flows of these instruments do not represent solely payments of principal and interest. Consequently, these investments are measured at fair value through profit or loss.

For debt securities, the contractual cash flows are solely payments of principal and interest, however they are neither held for collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Fund's business model's objective. Consequently, the debt securities are measured at fair value through profit or loss.

Liabilities

Derivative contracts that have a negative fair value are presented as financial liabilities at fair value through profit or loss.

(b) Financial assets and liabilities at fair value through profit or loss (continued)

(ii) Recognition and derecognition

The Fund recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in fair value of the financial assets or financial liabilities from this date.

Investments are derecognised when the right to receive cash flows from the investments have expired or the Fund has transferred substantially all risks and rewards of ownership.

(iii) Measurement

At initial recognition, the Fund measures financial assets and financial liabilities at fair value. Transaction costs of financial assets and financial liabilities carried at fair value through profit or loss are expensed in the statement of comprehensive income.

Subsequent to initial recognition, all financial assets and financial liabilities at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the financial assets or financial liabilities at fair value through profit or loss category are presented in the statement of comprehensive income within 'net gains/(losses) on financial instruments at fair value through profit or loss' in the period in which they arise.

For further details on how the fair values of financial instruments are determined see note 5 to the financial statements.

(iv) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously. Refer to note 4 to the financial statements for further information.

(c) Net assets attributable to unitholders

Units are redeemable at the unitholders' option, however, applications and redemptions may be suspended by the Responsible Entity if it is in the best interests of the unitholders.

The units can be put back to the Fund at any time for cash or in specie based on the redemption price, which is equal to a proportionate share of the Fund's net asset value attributable to the unitholders.

The units are carried at the redemption amount that is payable at statement of financial position date if the holder exercises the right to put the unit back to the Fund. This amount represents the expected cash flows on redemption of these units.

Under AASB 132 *Financial Instruments: Presentation*, puttable financial instruments are classified as equity where certain strict criteria are met. The Fund classifies the net assets attributable to unitholders as liabilities as they do not satisfy all the criteria.

(d) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short term, investments in cash management trusts, highly liquid investments with original maturities of three months or less from the date of acquisition that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Payments and receipts relating to the purchase and sale of investment securities are classified as cash flows from operating activities, as movements in the fair value of these securities represent the Fund's main income generating activity.

(e) Deposits held with broker for margin

Margin accounts comprise cash held as collateral for derivative transactions. The cash is held by the broker and is only available to meet margin calls. It is not included as a component of cash and cash equivalents.

(f) Investment income

Interest income from financial assets at amortised cost is recognised on a time-proportionate basis using the effective interest method and includes interest from cash and cash equivalents.

Interest from financial assets at fair value through profit or loss is determined based on the contractual coupon interest rate and includes interest from debt securities.

Dividend and distribution income from financial assets at fair value through profit or loss is recognised in the statement of comprehensive income within distribution income when the Fund's right to receive payments is established.

Other changes in fair value for such instruments are recorded in accordance with the policies described in note 2(b) to the financial statements.

(g) Expenses

All expenses, including Responsible Entity's fees, management fees and custodian fees, are recognised in the statement of comprehensive income on an accruals basis. The Responsible Entity is entitled under the Fund's constitution to be reimbursed for certain expenses incurred in administering the Fund.

(h) Income tax

Under current legislation, the Fund is not subject to income tax provided it attributes the entirety of its taxable income to its unitholders.

In the event that the Fund incurs withholding taxes imposed by certain countries on investment income and capital gains, such income or gains are recorded gross of withholding taxes in the statement of comprehensive income. Withholding taxes are included in the statement of comprehensive income within other operating expenses.

(i) Distributions to unitholders

Distributions are payable as set out in the Fund's product disclosure statement and/or Fund's constitution. Such distributions are recognised as payable when they are determined by the Responsible Entity of the Fund.

(j) Increase/(decrease) in net assets attributable to unitholders

Income not distributed is included in net assets attributable to unitholders. Movements in net assets attributable to unitholders are recognised in the statement of comprehensive income as finance costs.

(k) Foreign currency translation

(i) Functional and presentation currency

Items included in the Fund's financial statements are measured using the currency of the primary economic environment in which it operates (the "functional currency"). This is the Australian Dollar, which reflects the currency of the economy in which the Fund competes for funds and is regulated. The Australian Dollar is also the Fund's presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income in net foreign exchange gains/(losses).

(k) Foreign currency translation (continued)

(ii) Transactions and balances (continued)

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when fair value was determined. Translation differences on assets and liabilities carried at fair value are reported in the statement of comprehensive income on a net basis within net gains/(losses) on financial instruments at fair value through profit or loss.

(I) Balances due from/to brokers

Amounts due from/to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet delivered by the end of the year. The due from brokers balance is held for collection and consequently measured at amortised cost.

(m) Receivables

Receivables may include amounts for accrued interest and unit trust distributions. Interest is accrued at the end of each reporting period from the time of last payment in accordance with the policy set out in note 2(f) above. Amounts are generally received within 30 days of being recorded as receivables.

These amounts are recognised initially at fair value and subsequently measured at amortised cost. At each reporting date, the Fund shall measure the loss allowance on receivables at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Fund shall measure the loss allowance at an amount equal to 12-month expected credit losses. Significant financial difficulties of the counterparty, probability that the counterparty will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required. If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the gross carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due. Any contractual payment which is more than 90 days past due is considered credit impaired.

The amount of the impairment loss is recognised in profit or loss within other expenses. When a trade receivable for which an impairment allowance had been recognised becomes uncollectible in a subsequent period, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against other expenses in profit or loss.

(n) Payables

Payables include liabilities and accrued expenses owed by the Fund which are unpaid as at the end of the reporting period.

(o) Applications and redemptions

Applications received for units in the Fund are recorded net of any entry fees payable prior to the issue of units in the Fund. Redemptions from the Fund are recorded gross of any exit fees payable after the cancellation of units redeemed.

(p) Goods and Services Tax (GST)

The GST incurred on the costs of various services provided to the Fund by third parties such as custodial services and investment management fees have been passed onto the Fund. The Fund qualifies for Reduced Input Tax Credits (RITC) at a rate of at least 55% or 75%; hence investment management fees, custodial fees and other expenses have been recognised in the statement of comprehensive income net of the amount of GST recoverable from the Australian Taxation Office (ATO). Accounts payable are inclusive of GST. The net amount of GST recoverable from the ATO is included in receivables in the statement of financial position. Cash flows relating to GST are included in the statement of cash flows on a gross basis.

(q) Use of estimates

The Fund makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial year. Estimates are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

For financial instruments which are quoted, market prices are adopted in their valuation. However, certain financial instruments are fair valued using valuation techniques. Where valuation techniques (for example, pricing models) are used to determine fair values, they are validated and periodically reviewed by experienced personnel of the Responsible Entity, independent of the area that created them.

Models use observable data, to the extent practicable. However, areas such as credit risk (both own and counterparty), volatilities and correlations require management to make estimates. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

For more information on credit risk and how fair value is calculated see note 3 and note 5 to the financial statements.

(r) Rounding of amounts

Amounts in the financial statements have been rounded to the nearest thousand dollars in accordance with Australian Securities & Investments Commission ("ASIC") Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, unless otherwise indicated.

3 Financial risk management

The Fund's activities expose it to a variety of financial risks: market risk (including price risk, foreign exchange risk and interest rate risk), credit risk and liquidity risk.

The Fund's overall risk management process focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Fund's financial performance. The Fund combines managers with varied investment styles to achieve returns in a broad range of market conditions and to manage exposure to risk through diversification.

The Fund's multi-manager process differentiates it from single-manager funds. As a manager of managers, the Russell Investment Management Ltd. delegates some of the management of its funds to external investment managers. The risk management process operates at a number of levels. In addition to monitoring investment activity and exposure at the point of execution by an investment manager, Russell Investment Management Ltd. oversees and monitors the overall level of risk in the Fund.

(a) Market risk

(i) Price risk

Price risk arises from investments held for which prices in the future are uncertain. The majority of the Fund's directly held financial assets and liabilities are interest bearing securities which have exposure primarily relating to interest rate movement and credit risk, thus there is no significant exposure to price risk.

The Fund's investments in derivative instruments and unit trusts can be subject to market price risk arising from uncertainties about future prices of the instruments. Except for derivatives, the maximum loss resulting from financial instruments is determined by fair value of the financial instruments. Possible losses from derivatives can be unlimited.

Where non-monetary financial instruments are denominated in currencies other than the Australian Dollar, the price in the future will also fluctuate because of changes in foreign exchange rates. Paragraph (ii) 'Foreign exchange risk' below sets out how this component of price risk is managed and measured.

(a) Market risk (continued)

(ii) Foreign exchange risk

The Fund holds assets denominated in currencies other than the Australian Dollar, the functional currency. It is therefore exposed to currency risk, as the value of the securities denominated in other currencies will fluctuate due to changes in exchange rates.

The Fund may utilise financial instruments to hedge against fluctuations in the relative values of their portfolio positions in addition to making active currency selections.

The Fund delegates some of the foreign exchange risk management to external investment managers. In addition, Russell Investment Management Ltd. also oversees and monitors the foreign exchange risk of the Fund.

The foreign exchange risk disclosures have been prepared on the basis of the Fund's direct investment and not on a look through basis for foreign investments held indirectly through AU\$ priced unlisted unit trusts. Consequently, the disclosure of foreign exchange risk below would not include foreign exposure within the underlying funds.

The table below summarises the Fund's gross exposure by currency over 10% of the net asset value of the Fund.

30 June 2025	EUR A\$'000	USD A\$'000	All other foreign currencies A\$'000
Monetary			
Cash and cash equivalents	1,168	22,821	1,365

The table on page 20 summarises the sensitivities of the Fund's monetary assets and liabilities to foreign exchange risk. The analysis is based on the assumption that the Australian Dollar weakened/strengthened by 10% (2024: 10%) against other currencies to which the Fund is significantly exposed. The impact arises mainly from exposure to assets denominated in US Dollars or Euro (2024: US Dollars or Euro).

(iii) Cash flow and fair value interest rate risk

The Fund is exposed to cash flow interest rate risk on financial instruments with variable interest rates. Financial instruments with fixed rates expose the Fund to fair value interest rate risk.

The Fund's interest bearing financial assets expose it to risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows. The risk is measured using sensitivity analysis.

The Fund typically invests in foreign government, semi-government, agency and corporate bonds as well as mortgage and asset backed securities. Derivatives may be employed for hedging and efficient portfolio management purposes.

(a) Market risk (continued)

(iii) Cash flow and fair value interest rate risk (continued)

The table below summarises the Fund's exposure to interest rate risk. It includes the Fund's assets and liabilities at fair values, categorised by the earlier of contractual re-pricing or maturity dates.

30 June 2025	Floating interest rate \$'000	Fixed interest rate \$'000	Non-interest bearing \$'000	Total \$'000

An analysis of financial liabilities by maturities is provided in paragraph (d) on page 22.

(a) Market risk (continued)

(iii) Cash flow and fair value interest rate risk (continued)

The table below summarises the impact of an increase/decrease of interest rates on the Fund's operating profit and net assets attributable to unitholders through changes in fair value or changes in future cash flows. The analysis is based on the assumption that interest rates changed by +/-150 basis points (2024:+/- 100 basis points) from the year end rates with all other variables held constant. The impact mainly arises from changes in the fair value of interest rate securities.

(b) Summarised sensitivity analysis

The following table summarises the sensitivity of the Fund's operating profit and net assets attributable to unitholders to interest rate risk and foreign exchange risk. The reasonably possible movements in the risk variables have been determined based on management's best estimate, having regard to a number of factors, including historical levels of changes in interest rates, modified duration, historical correlation of the Fund's investments with the relevant benchmark and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market shocks resulting from changes in the performance of the economies, markets and securities in which the Fund invests. As a result, historic variations in risk variables are not a definitive indicator of future variations in the risk variables.

		rate risk on operating	profit/ne	•	exchange ris	
	-150bps	+150bps	-10%	+10%	-10%	+10%
			EUR	EUR	USD	USD
	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000
30 June 2025	62,948	(62,948)	2,246	(2,246)	2,008	(2,008)
30 June 2024	45,019	(45,019)	(68)	68	1,634	(1,634)
	,	(-,)			,,,,	(,== 1)

The sensitivity factors for 30 June 2024 were +/-100 bps for interest rate risk and +/-10% for foreign exchange risk.

Some limitations of the sensitivity analysis above are:

- 1. The models are based on historical data and cannot take account of the fact that future market movements, correlations between markets and levels of market liquidity in conditions of market stress may bear no relation to historical patterns;
- 2. The market risk information is a relative estimate of risk rather than a precise and accurate number; and
- 3. The market information represents a hypothetical outcome and is not intended to be predictive; and future market conditions could vary significantly from those experienced in the past.

(c) Credit risk

The Fund is exposed to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when they fall due.

Credit risk primarily arises from investments in debt securities and from trading derivative products. Other credit risk arises from cash and cash equivalents, deposits with banks and other financial institutions, receivables and amounts due from brokers. None of these assets are impaired nor past due but not impaired. At the end of the reporting period the exposure to credit risk for cash and cash equivalents, deposits with banks and amounts due from brokers is considered low as all counterparties of the Fund have a rating of investment grade or higher (as determined by external credit rating agencies).

(c) Credit risk (continued)

In addition, over the counter (OTC) financial derivative contracts have an exposure to counterparty risk such that the counterparty may become insolvent or otherwise incapable of meeting its obligations under a derivative contract. This includes the legal risk arising from a contract being unenforceable. Collateral may be pledged, generally by way of cash or cash equivalents, and held by the counterparty for open futures contracts, options and swap contracts.

The maximum exposure to credit risk at the reporting date is the carrying amount of the financial assets. An analysis of debt securities by rating is set out in the table below.

	As at		
	30 June	30 June	
	2025	2024	
Australian debt securities	\$'000	\$'000	
Rating			
AAA to AAA-	25,419	11,384	
AA to AA-	14,094	-	
A+ to A-	32,378	-	
BBB+ to BBB-	12,507	<u>-</u>	
Total	84,398	11,384	

	As a	it
	30 June	30 June
	2025	2024
International debt securities	\$'000	\$'000
Rating		
AAA to AAA-	102,535	95,156
AA+ to AA-	149,678	177,094
A+ to A-	187,599	156,055
BBB+ to BBB-	286,732	261,846
BB+ to BB-	14,640	25,224
B+ to B-	3,782	2,080
CCC+ to CCC-	716	759
C+ to C-	2,340	2,260
Unrated	64,718	75,880
Total	812,740	796,354

All transactions in debt securities are settled/paid for upon delivery using approved brokers. The risk of default is considered minimal, as delivery of securities sold is only made once the broker has received payment. Payment is made on a purchase once the securities have been received by the broker. The trade will fail if either party fails to meet its obligation.

The clearing and depository operations for the Fund's security transactions are mainly concentrated with one counterparty, namely State Street Australia Limited. At 30 June 2025, State Street Australia Limited had a credit rating of Aa1 (2024: Aa1). At 30 June 2025, substantially all cash and investments are held in custody by State Street Australia Limited or through a sub-custodian.

(d) Liquidity risk

The Fund is exposed to daily cash redemptions of redeemable units and margin calls on derivatives. The liquidity risks associated with the need to satisfy unitholders' requests for redemptions are primarily mitigated by maintaining a pool of cash to satisfy usual levels of demand. In addition, the Fund may restrict redemptions on a temporary basis in line with the provisions of the Fund's governing documents to manage liquidity risk.

The Fund primarily holds investments that are traded in an active market and can be readily disposed. However it may invest in derivative contracts and fixed income securities that are traded over the counter or on secondary markets. These markets may be illiquid and as a result, the Fund may not be able to quickly liquidate its investments in these instruments at an amount close to their fair value to meet its liquidity requirements or to respond to specific events such as deterioration in the creditworthiness of any particular issuer or counterparty. Refer to note 7 and note 8 for the type of financial instruments held by the Fund.

The Fund delegates some of liquidity risk management to external investment managers who monitor their model liquidity positions on a regular basis. In addition, Russell Investment Management Ltd. monitors the Fund's liquidity position on a daily basis.

(i) Maturities of non-derivative financial liabilities

The table below analyses the Fund's non-derivative financial liabilities into relevant maturity groupings based on the remaining period at the end of the reporting period to the contractual maturity date. The amounts in the table are contractual undiscounted cash flows. Units are redeemed on demand at the unitholder's option. However, the board of the Responsible Entity does not envisage that the contractual maturity disclosed in the table below will be representative of the actual cash outflows, as holders of these instruments typically retain them for the medium to long term.

At 30 June 2025	Less than 1 month \$'000	1-6 months \$'000	6-12 months \$'000	Over 12 months \$'000	No stated maturity \$'000
Payable for margin accounts	4,323	-	-	-	-
Payables	3,283	-	-	-	-

At 30 June 2024	Less than 1 month \$'000	1-6 months \$'000	6-12 months \$'000	Over 12 months \$'000
Net settled derivatives				
Australian interest rate futures	-	28	-	-
International interest rate futures	-	324	-	-
Foreign currency contracts	5,940	715	-	-
Credit default swaps	-	-	-	467
Interest rate swaps	-	-	-	1,404

4 Offsetting financial assets and financial liabilities

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The gross and net positions of financial assets and liabilities that have been offset in the statement of financial position are disclosed in the first three columns of the tables below.

Financial assets	Effects of offs financial posit	etting on the st	atement of	Related amoun	ts not offset	
	Gross amounts of financial assets	Gross amounts set off in the statement of financial position	Net amount of financial assets presented in the statement of financial position	Amounts subject to master netting arrangements	Collateral received	Net amount

30 June 2025 Derivative financial instruments (i) Total	Gross amounts of financial liabilities \$'000	Gross amounts set off in the statement of financial position \$'000	Net amount of financial liabilities presented in the statement of financial position \$'000	Amounts subject to master netting arrangements \$'000	Collateral pledged \$'000	\$'000 965

4 Offsetting financial assets and financial liabilities (continued)

(i) Master netting arrangement - not currently enforceable

Agreements with derivative counterparties are based on the ISDA Master Agreement. Under the terms of these arrangements, only where certain credit events occur (such as default), the net position owing/receivable to a single counterparty in the same currency will be taken as owing and all the relevant arrangements terminated. As the Fund does not presently have a legally enforceable right of set-off, these amounts have not been offset in the statement of financial position, but have been presented separately in the above table.

5 Fair value measurement

The Fund measures and recognises the following assets and liabilities at fair value on a recurring basis:

- Financial assets / liabilities at fair value through profit or loss (FVTPL) (see note 7 and note 8)
- Derivative financial instruments (see note 9)

The Fund has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 Fair Value Measurement requires disclosure of fair value measurements by level of the following fair value hierarchy:

- (a) quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- (b) inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); or
- (c) inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).
- (i) Fair value in an active market (level 1)

The Fund values its investments in accordance with the accounting policies set out in note 2. For the majority of its investments, the Fund relies on information provided by independent pricing services for the valuation of its investments.

The quoted market prices used for both financial assets and financial liabilities were last traded prices other than exchange traded futures, which are valued at the market closing price.

(ii) Valuation techniques used to derive level 2 and level 3 fair value

The fair value of financial assets and liabilities that are not traded in an active market are determined by using quoted market prices, dealer quotes and/or valuation techniques.

Forward currency contracts are valued using quoted exchange rates and yield curves derived from quoted interest rates matching maturities of the contracts as at the valuation date.

5 Fair value measurement (continued)

Recognised fair value measurements

The following table presents the Fund's assets and liabilities measured and recognised at fair value through profit or loss across the fair value hierarchy.

As at 30 June 2025	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000

Total	2,728	828,212	1	830,941
Financial liabilities				
Financial liabilities at fair value through profit or loss:				
Derivatives	352	8,526	<u>-</u> _	8,878
Total	352	8,526	- -	8,878

The Fund's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

(i) Transfers between levels

There were no transfers between levels for the year ended 30 June 2025 and year ended 30 June 2024. There were also no changes made to any of the valuation techniques applied as of 30 June 2025.

5 Fair value measurement (continued)

(ii) Fair value measurements using significant unobservable inputs (level 3)

The following table presents the movement in level 3 instruments for the year ended 30 June 2025:

For the year ended 30 June 2025	Debt securities \$'000
Opening balance Purchases Sales Transfers	1 - (3) -
Gains/(losses) recognised in statement of comprehensive income* Closing balance	<u>3</u>
*includes unrealised gains/(losses) recognised in the statement of comprehensive income attributable to balances held at the end of the reporting period	2
The following table presents the transfers between levels for the year ended 30 June 2024:	
For the year ended 30 June 2024	Debt securities \$'000
Opening balance Purchases Sales	3 - (3)
Transfers Gains/(losses) recognised in statement of comprehensive income* Closing balance	<u>1</u>
*includes unrealised gains/(losses) recognised in the statement of comprehensive income attributable to balances held at the end of the reporting period	1

(iii) Valuation processes

Portfolio reviews are undertaken regularly by management to identify securities that potentially may not be actively traded or have stale security pricing. This process identifies securities which could be regarded as being level 2 or level 3 securities.

(iv) Fair values of other financial instruments

The Fund has assets and liabilities carried at amortised cost. Due to their short-term nature, their carrying values are a reasonable approximation of fair value.

6 Net gains/(losses) on financial instruments at fair value through profit or loss

Net gains/(losses) recognised in relation to financial assets and financial liabilities at fair value through profit or loss:

	Year ended	
	30 June 2025	30 June 2024
	\$'000	\$'000
Financial assets Net gains/(losses) on financial assets at fair value through profit or loss	122,661	(2,034)
Financial liabilities Net gains/(losses) on financial liabilities at fair value through profit or loss	(112,450)	(2,448)
	10,211	(4,482)

7 Financial assets at fair value through profit or loss

	As at	
	30 June 2025	30 June 2024

An overview of the risk exposures and fair value measurements relating to financial liabilities at fair value through profit or loss is included in note 3 and note 5 to the financial statements.

9 Derivative financial instruments

In the normal course of business the Fund enters into transactions in various derivative financial instruments which have certain risks. A derivative is a financial instrument or other contract which is settled at a future date and whose value changes in response to the change in a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of prices or rates, credit rating, credit index or other variable.

Derivative financial instruments require no initial net investment or an initial net investment that is smaller than would be required for other types of contracts that would be expected to have a similar response to changes in market factors.

Derivative transactions include many different instruments, such as forwards, futures, options and swaps. Derivatives are considered to be part of the investment process and the use of derivatives is an essential part of the Fund's portfolio management. Derivatives are not managed in isolation. Consequently, the use of derivatives is multifaceted and includes:

- hedging to protect an asset or liability of the Fund against a fluctuation in market values or to reduce volatility;
- a substitution for trading of physical securities; and
- adjusting asset exposures within the parameters set in the investment strategy, and adjusting the duration of fixed interest portfolios or the weighted average maturity of cash portfolios.

While derivatives are used for trading purposes, they are not used to gear (leverage) a portfolio. Gearing a portfolio would occur if the level of exposure to the markets exceeds the underlying value of the Fund.

The Fund largely invests into non Australian dollar denominated assets. Hedging of foreign currency exposures is performed within the Fund to maintain appropriate hedge ratios as outlined in the Fund's Product Disclosure Statement.

9 Derivative financial instruments (continued)

The Fund holds the following derivative instruments:

(a) Futures

Futures are contractual obligations to buy or sell financial instruments on a future date at a specified price established in an organised market. The futures contracts are collateralized by cash or marketable securities. Changes in futures contracts' values are usually settled net daily with the exchange. Interest rate futures are contractual obligations to receive or pay a net amount based on changes in interest rates at a future date at a specified price, established in an organised financial market.

(b) Foreign currency contracts

Foreign currency contracts are primarily used by the Fund to hedge against foreign currency exchange rate risk on its non-Australian Dollar denominated trading securities. The Fund agrees to receive or deliver a fixed quantity of foreign currency for an agreed upon price on an agreed future date. Foreign currency contracts are valued at the prevailing bid price at the end of each reporting period. The Fund recognises a gain or loss equal to the change in fair value at the end of each reporting period.

(c) Swaps

An interest rate swap is an agreement between two parties to exchange their interest obligations (payments) or receipts at set intervals on a notional principal amount over an agreed time period.

The fair value of interest rate swaps is the estimated amount that the entity would receive or pay to terminate the swap at the end of the reporting period, taking into account current interest rates and the current creditworthiness of the swap counterparties.

A credit default swap is an agreement whereby one counterparty pays a regular fee, usually expressed as a percentage of the notional principle, to another counterparty in return for security against default by underlying loan or asset.

The Fund's derivative financial instruments at year end are detailed below. In the table below, foreign currency contracts have been presented on a net notional basis. All other derivative contract notionals have been presented on a gross basis. For more information on the net exposure of these derivatives see note 3 to the financial statements.

As at 30 June 2025		Fair Va	alues
	Contract/ notional \$'000	Assets \$'000	Liabilities \$'000
Australian interest rate futures	1,056,215	1	25
International interest rate futures	32,417,028	3,838	361

Credit default swaps	19,026	339	-
Interest rate swaps	216,678	1,635	231
Index swaps	71,206	1,158	36
	<u>34,862,646</u>	31,287	22,578

9 Derivative financial instruments (continued)

As at 30 June 2024		Fair Va	alues
	Contract/ notional \$'000	Assets \$'000	Liabilities \$'000
Australian interest rate futures	11,100	_	28
International interest rate futures	347,123	2,728	324
Foreign currency contracts	835,883	18,297	6,655
Credit default swaps	36,768	640	467
Interest rate swaps	208,501	1,538	1,404
Index swaps	3,365	<u>-</u>	
	1,442,740	23,203	8,878

An overview of the risk exposures and fair value measurements relating to derivatives is included in note 3 and note 5 to the financial statements.

As at the reporting date, the Fund largely hedged its transactions or positions by holding foreign currency contracts with a gross notional value of \$2,528,856,336 (2024: \$1,421,120,024) comprising of buy \$723,181,915 (2024: \$292,618,274) and sell \$1,805,674,421 (2024: \$1,128,501,750) resulting in net exposure of \$1,082,492,506 (2024: \$835,883,476).

10 Structured entities

A structured entity is an entity in which voting or similar rights are not the dominant factor in deciding control. Structured entities are generally created to achieve a narrow and well defined objective with restrictions around their ongoing activities. Depending on the Fund's power over the activities of the entity and its exposure to and ability to influence its own returns, it may control the entity. However, the Fund applies the Investment Entity Exception available under AASB 10 *Consolidated Financial Statements* and therefore does not consolidate its controlled entities. In other cases, it may have exposure to such an entity but not control it.

An interest in a structured entity is any form of contractual or non-contractual involvement which creates variability in returns arising from the performance of the entity for the Fund. Such interests include holdings of units in unlisted trusts.

The nature and extent of the Fund's interests in related structured entities are summarised in notes 7 and 16.

The nature and extent of the Fund's investments in unrelated investment funds are disclosed in the following table:

Name		value of Interest he stment		st held
	2025 2024		2025	2024
	\$'000	\$'000	%	%
iShares USD Corporate Bond UCITS ETF	11,066	-	0.20	-

During the year ended 30 June 2025 total income distributions from investments in structured entities were \$2,065,599 (2024: \$Nil).

During the year ended 30 June 2025 total net gains/(losses) incurred on investments in structured entities were \$(481,536) (2024: \$Nil).

The Fund has exposures to unconsolidated structured entities through its investment activities. The Fund's maximum exposure to loss is restricted to the carrying value of the asset.

10 Structured entities (continued)

The Fund's overall risk management program focuses on ensuring compliance with its governing documents and seeks to maximise the returns derived for the level of risk to which the Fund is exposed. The risks associated with the investments are referred to in note 3.

During the year the Fund did not provide financial support to unconsolidated structured entities and has no intention of providing financial or other support. The Fund's investment strategy entails investments in other funds on a regular basis. The Fund intends to continue investing in other funds.

As at 30 June 2025, there were no capital commitment obligations other than what is in unsettled sales or unsettled purchases in the statement of financial position (2024: \$Nil).

11 Net assets attributable to unitholders

Movements in the number of units and net assets attributable to unitholders during the year were as follows:

	Year ended			
	30 June 2025	30 June 2024	30 June 2025	30 June 2024
	No.'000	No.'000	\$'000	\$'000
Class A				
Opening balance	205,276	378,261	170,109	305,711
Applications	59,186	19,208	50,565	15,572
Redemptions	(13,921)	(192,193)	(11,962)	(156,857)
Increase/(decrease) in net assets attributable to unitholders	<u>-</u>	<u>-</u>	8,864	5,683
Closing balance	250,541	205,276	217,576	170,109
Class D				
Opening balance	818,026	812,409	704,556	678,686
Applications	169,273	237,197	150,126	201,561
Redemptions	(124,397)	(231,580)	(110,300)	(198,189)
Increase/(decrease) in net assets attributable to unitholders		<u>-</u>	38,467	22,498
Closing balance	862,902	818,026	782,849	704,556
Total net assets attributable to unitholders -				
liability	1,113,443	1,023,302	1,000,425	874,665

As stipulated within the Fund's constitution, each unit represents a right to an individual share in the Fund and does not extend to a right to the underlying assets of the Fund.

There are two separate classes of units. Each unit within the same class has the same rights as all other units within that class. Except for different management fee rates, the two different classes have the same preferences and restrictions. Refer to note 16 for the applicable management fee rates.

Capital risk management

Management considers its net assets attributable to unitholders as capital, notwithstanding net assets attributable to unitholders are classified as a liability. The amount of net assets attributable to unitholders can change significantly on a daily basis as the Fund is subject to daily applications and redemptions at the discretion of unitholders.

11 Net assets attributable to unitholders (continued)

Capital risk management (continued)

Daily applications and redemptions are reviewed relative to the liquidity of the Fund's underlying assets on a daily basis by the Responsible Entity. Under the terms of the Fund's constitution, the Responsible Entity has the discretion to reject an application for units and to defer or adjust a redemption of units if the exercise of such discretion is in the best interests of unitholders. The Fund did not restrict or reject any redemptions in the financial year.

12 Cash and cash equivalents

	As	As at		
	30 June 2025	30 June 2024		
	\$'000	\$'000		
Cash at bank	45,833	31,562		
Cash trusts	43,669	38,701		
	<u>89,502</u>	70,263		

Cash trusts include holdings in units of the Russell Cash Sweep Fund. On a look through basis the underlying investments of the cash trust are substantially in cash and cash equivalents. The nature and extent of the Fund's interest in the cash trust is disclosed in note 16 in Related Party Transactions.

13 Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities

	Year ended		
	30 June 2025	30 June 2024	
	\$'000	\$'000	
(a) Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities			
Increase/(decrease) in net assets attributable to unitholders	47,331	28,181	
Purchase of financial instruments at fair value through profit or loss	(2,214,393)	(1,634,651)	
Proceeds from sale of financial instruments at fair value through profit or loss	2,129,144	1,667,511	
Net (gains)/losses on financial instruments at fair value through profit or loss	(10,211)	4,482	
Net interest bought/(sold)	(996)	(1,115)	
Net change in receivables	(2,578)	(659)	
Net change in payables	1,145	37	
Amount (paid to)/received from brokers for margin accounts	(7,359)	12,172	
Effects of foreign currency exchange rate changes	(2,324)	(1,975)	
Net cash inflow/(outflow) from operating activities	(60,241)	73,983	

(b) Non-cash financing activities

There were no non-cash financing activities occurred during the year ended 30 June 2025 or year ended 30 June 2024.

As described in note 2(j), income not distributed is included in net assets attributable to unitholders. The change in this amount each period (as reported in (a) above) represents a non-cash financing cost as it is not settled in cash until such time as it becomes distributable.

14 Auditor's remuneration

During the year the following fees were paid or payable for services provided by the auditor of the Fund:

	Year ended		
	30 June 2025		
	\$	\$	
PricewaterhouseCoopers Australian firm			
Audit and other assurance services			
Audit and review of financial statements	25,500	21,070

Total remuneration for audit and other assurance services	27,445	22,897	
Taxation services			
Tax compliance services	13,799	11,826	
Total remuneration for taxation services	13,799	11,826	
Total remuneration of PricewaterhouseCoopers	41,244	34,723	

15 Interest income from financial assets at amortised cost

	Year ended		
	30 June 2025		
	\$'000	\$'000	
Interest income other	548	492	
Interest income from cash and cash equivalents	1,320	1,315	
	1,868	1,807	

16 Related party transactions

Responsible Entity

Russell Investment Management Ltd. (ABN 53 068 338 974), the Responsible Entity and manager of the Fund, is a wholly owned subsidiary of Russell Investment Group Pty Ltd (Australia).

The Responsible Entity is engaged in the business of providing investment management and administrative services on behalf of the Fund. It has appointed State Street Australia Limited to perform custody and certain administrative functions. To implement the multi-asset, multi-style, multi-manager diversification technique in relation to the Fund, the Responsible Entity will: (i) engage and, where necessary, replace the investment managers for the Fund; (ii) allocate assets among investment managers within the Fund; and (iii) monitor each investment manager's overall investment performance. For services rendered, the Fund pays the Responsible Entity a fee as discussed below.

Responsible Entity (continued)

The Responsible Entity retains the right under the terms of its agreements with the investment managers to direct them, subject to a requirement of best execution, to execute transactions that enable it to purchase brokerage and research services that assist in the provision of investment services to the Responsible Entity and are in the best interests of the unitholders. In addition, the investment managers may elect to purchase research services for their own benefit, subject to the best execution requirement. Brokerage and research services include (1) fundamental market research including performance characteristics of asset classes, investment styles, and allocation strategies; (2) advice either directly or indirectly through publications or writings as to the value of securities, the advisability of investing in, purchasing or selling securities and the availability of securities or of purchasers or sellers of securities; (3) analysis and reports concerning issuers, industries, securities, economic factors and trends, portfolio strategy and the performance of accounts; and (4) effecting securities transactions and performing functions incidental thereto (such as clearance and settlement) or that are required in connection therewith.

The Responsible Entity has received the following goods and services from brokers and dealers generally over the period of these accounts:

- written and oral research reports from brokers or dealers;
- computer based financial analytical systems, together with their associated software and servicing support; and
- statistical analysis relating to markets, companies, industries, business and economic factors, market trends and portfolio strategies.

Brokerage commissions

The Fund may effect portfolio transactions through an affiliate of the Responsible Entity, when an investment manager determines that a Fund will receive competitive execution, price, and commissions. No commissions were retained by affiliates of the Responsible Entity for the year ended 30 June 2025 (2024: \$Nil).

Additionally, the Fund paid brokerage commissions to non-affiliated brokers who provided brokerage and research services to the Responsible Entity.

Key management personnel

(a) Directors

Key management personnel includes persons who were directors of Russell Investment Management Ltd. at any time during the financial year as follows:

Jason Edgar (appointed as Managing Director and Chair of the Board, effective 12 August 2025)
Bronwyn Yates
James Harwood
Neil Rogan
David MacKenzie (retired, effective 4 July 2025)

(b) Other key management personnel

There were no other persons with responsibility for planning, directing and controlling the activities of the Fund, directly or indirectly during the financial year.

Key management personnel unitholdings

Timothy Furlan (resigned, effective 11 February 2025)

No key management personnel of the Responsible Entity held units in the Fund as at 30 June 2025 (2024: Nil).

Key management personnel compensation

Key management personnel are paid by Russell Investment Group Pty Ltd. Payments made from the Fund to Russell Investment Group Pty Ltd do not include any amounts directly attributable to the compensation of key management personnel.

Key management personnel loan disclosures

The Fund has not made, guaranteed or secured, directly or indirectly, any loans to the key management personnel or their personally related entities at any time during the reporting period.

Other transactions within the Fund

Apart from those details disclosed in this note, no key management personnel have entered into any transaction with the Fund since the end of the previous financial year and there were no material balance involving directors' interests outstanding at year end.

Responsible Entity's/manager's fees and other transactions

Under the terms of the Fund's constitution, the Responsible Entity is entitled to receive management fees and Responsible Entity's fees, calculated by reference to the average daily net assets of the Fund as follows:

Russell Investments International Bond Fund - \$A Hedged - Class A - Management fee 0.507% (2024: 0.507%) per annum.

Russell Investments International Bond Fund - \$A Hedged - Class D - Management fee Nil% (2024: Nil%) per annum.

The Responsible Entity's fee is 0.013% (2024: 0.013%) per annum of the average daily net assets for 2025.

All related party transactions are conducted on normal commercial terms and conditions. The transactions during the year and amounts payable at year end between the Fund and the Responsible Entity were as follows:

	30 June 2025	30 June 2024	
	\$	\$	
Management fees for the year incurred by the Fund	944,767	1,576,809	
Responsible Entity's fees for the year incurred by the Fund	123,911	131,550	
Aggregate amounts payable to the manager at the end of the reporting period	431,440	416,565	
Aggregate amounts payable to the Responsible Entity at the end of the reporting period	51,306	50,223	

Related party unitholdings

Parties related to the Fund (including Russell Investment Management Ltd., its affiliates and other schemes managed by, or under trusteeship of Russell Investment Management Ltd. or its affiliates), held units in the Fund as follows:

17 Events occurring after the reporting period

No significant events have occurred since the end of the reporting period which would impact on the financial position of the Fund disclosed in the statement of financial position as at 30 June 2025 or on the results and cash flows of the Fund for the year ended on that date.

18 Contingent assets and liabilities and commitments

There were no outstanding contingent assets, liabilities or commitments as at 30 June 2025 and 30 June 2024.

Directors' declaration

In the opinion of the directors of the Responsible Entity:

- (a) the financial statements and notes set out on pages 6 to 39 are in accordance with the *Corporations Act 2001*, including:
 - complying with Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements, and
 - (ii) giving a true and fair view of the Fund's financial position as at 30 June 2025 and of its performance for the financial year ended on that date.
- (b) there are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable, and
- (c) Note 2(a) confirms that the financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

This declaration is made in accordance with a resolution of the directors.

Independent auditor's report

To the unitholders of Russell Investments International Bond Fund - \$A Hedged

Our opinion

In our opinion:

The accompanying financial report of Russell Investments International Bond Fund - \$A Hedged (the Fund) is in accordance with the *Corporations Act 2001*, including:

- a. giving a true and fair view of the Fund's financial position as at 30 June 2025 and of its financial performance for the year then ended
- b. complying with Australian Accounting Standards and the Corporations Regulations 2001.

What we have audited

The financial report comprises:

- the statement of financial position as at 30 June 2025
- the statement of comprehensive income for the year then ended
- · the statement of changes in equity for the year then ended
- · the statement of cash flows for the year then ended
- the notes to the financial statements, including material accounting policy information and other explanatory information
- the directors' declaration.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial report* section of our report.

PricewaterhouseCoopers, ABN 52 780 433 757

Level 11, 1PSQ, 169 Macquarie Street, PARRAMATTA NSW 2150, PO Box 1155 PARRAMATTA NSW 2124
T: +61 2 9659 2476, F: +61 2 8266 9999, www.pwc.com.au

Liability limited by a scheme approved under Professional Standards Legislation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Other information

The directors of Russell Investment Management Ltd. (the Responsible Entity) are responsible for the other information. The other information comprises the information included in the Annual Report for the year ended 30 June 2025, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon through our opinion on the financial report.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors of the Responsible Entity for the financial report

The directors of the Responsible Entity are responsible for the preparation of the financial report in accordance with Australian Accounting Standards and the *Corporations Act 2001*, including giving a true and fair view, and for such internal control as the directors of the Responsible Entity determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors of the Responsible Entity are responsible for assessing the ability of the Fund to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Responsible Entity either intend to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf. This description forms part of our auditor's report.
