Fact Sheet for individuals

Minimum pension limits

Do you receive any account-based, allocated and market linked (term allocated) pensions? That means you must receive a minimum payment amount per year.

What are minimum pension limits?

Each tax year, you are required to be paid at least the minimum legislated pension from your pension account. The annual minimum amount you must take from your pension is based on your age and expressed as a percentage of the balance of your pension account as at 1 July or when you commence your pension (whichever occurs later).

Your age	Minimum pension limit (% of account balance)
Under 65	4.00
65 – 74	5.00
75 – 79	6.00
80 – 84	7.00
85 – 89	9.00
90 – 94	11.00
95+	14.00
