

2. Consolidate my existing Pension Account(s) with my Contribution Account

! **Important!** If you wish to claim a tax deduction for contributions you have made, you must complete a Deduction for Personal Super Contributions Form available from the Australian Taxation Office before consolidating your accounts. If you completed a notice at the time you made the contribution(s) no further notice is required.

a. Create a new Pension Account

I want to consolidate my existing Pension Account(s) with my Contribution Account to create a new Pension Account. I understand that I may receive a pro rata minimum pension payment from my existing Pension Account(s) before this occurs and I will receive a new deductible amount. I also understand this may impact social security tests.

b. Before we can consolidate your existing Pension Account(s), we are required by law to calculate any remaining pro rata minimum pension payment for the current financial year and pay this to you.

After you have been paid your pro rata minimum payment for the year, we consolidate your Pension Account(s), combine the balance with your Contribution Account (if any), and establish a new Pension Account with the amount nominated by you. The deductible amount for your new Pension Account will be recalculated for social security purposes. You will also receive new minimum and maximum limits, and you will need to nominate regular payments.

You should seek advice as to how you might be impacted by the above.

If you have more than one Pension Account, you must identify the Pension Account to which your instructions on this form apply.

I have one Pension Account. Please apply my instructions on this form to that account.

I have more than one Pension Account. Please only apply the instructions on this form to the account number(s):

3. Start an additional Pension Account

a. Create a new Pension Account

I have at least \$50,000 in my Contribution Account and I want to start another Pension Account with the proceeds of my Contribution Account.

You will need to manage your Pension Accounts as separate investments, with separate regular pension payments and limits. While some reporting of your Pension Accounts may be consolidated, you can contact us to get separated information for each Pension Account if you need it.

b. Pension Account value – Please complete this section and mark one box only:

Please use all available proceeds to open the Pension Account as directed above.

Please open a Pension Account to the value of \$.00 (enter amount). I understand the remaining amount will be held in my Contribution Account. I also understand that if the above value exceeds 95% of my available proceeds, the full amount of the available proceeds will be used to open a Pension Account.

4. Initial adviser service fee

! Complete this section if an initial adviser service fee should be deducted from the new Pension Account.

If you have agreed an initial adviser service fee, please select one of the following percentages of the value of your investment (including GST) or nominate a fixed dollar amount (including GST) to be paid from your account after your application is processed. We will redeem units to this amount from your account and pay your financial adviser/dealer group accordingly.

Percentage, including GST

0.00% 0.275% 0.55% 0.775% 1.00% 1.10%

Other (up to 1.10%) > . %

OR

Fixed dollar amount (including GST)

\$.00 The initial adviser service fee can be zero.

5. Investment choice and payment strategy

! You must insert percentages in all the columns in the following table. Each column must add up to 100%.

You must also insert percentages in the Payment Strategy column to indicate the option(s) we should redeem from in order to meet pension payments. The column must add up to 100%. If your election becomes void at any stage, we will generally redeem proportionally from your remaining investment options. You can update your choice(s) at any time by logging into your account via russellinvestments.com.au/retirement

! Some of the investment options given below have a footnote included, and it's important that you read the footnote on the relevant investment options before completing the form.

¹ These investment options carry a low level of investment risk, which means they are likely to deliver low investment returns. If you're planning to invest a significant amount of your super in these options for more than 1-2 years, it's important to consider this. You should read the PDS and/or get financial product advice before you continue. If you have any questions or want more information, please contact us.

² If you are planning to invest a significant portion of your super in a single asset class, it's worth considering diversification when making decisions about super investments. You should read the PDS and/or get financial product advice before you continue. If you have any questions or want more information, please contact us.

6. Pension payments

! This section must be completed by all members, regardless of which option is selected above.

a. My nominated pension payment is (tick one box only):

Minimum payment

The minimum legislated amount, which is calculated as a percentage of the value of your Pension Account at the later of the last 1 July or the date you opened the Pension Account and pro-rated for remaining days in the year. If you open your Pension Account in the month of June, the minimum legislated amount for that tax year is zero and no payment would be made until the following financial year.

Specific dollar amount

Specific annual dollar amount \$.00 (before tax), pro-rated for remaining days in the year.

Maximum payment (only applicable to members under age 65 years and NOT retired)

The maximum legislated amount is calculated as 10% of your Pension Account balance at the later of the last 1 July or the date you opened the Pension Account. Note that the maximum pension payment is not pro-rated. For example, if you open your account in June, choose the Maximum payment option and your Maximum amount for the year is \$12,000 your June payment will be \$12,000.

Mark this box if applicable:

Please pay my total maximum payment for this year in the next available monthly payment run.

Please note, you must also make a selection below to indicate the frequency of payments for future years.

b. My pension should be paid (and pro-rated accordingly, if applicable) as follows (tick one box only):

Monthly

Please make the monthly payments on or around the 15th of each month.

Quarterly

Please make payments on or around the 15th of September, December, March and June.

Semi-annually

Please make payments on or around the 15th of the next December and June.

Annually

Please choose one of the below. If you do not select an option the default will be June.

Please make annual payments on or around the 15th of June.

Please make annual payments on or around the 15th of July.

iQ Retirement will adjust any nominations made above to ensure they fall within the prescribed minimum and maximum limits applicable to pension payments. The June pension payment may be larger to ensure your annual minimum limit is met.
