

Important Information for New Zealand Investors

Warning Statement

- 1 This offer to New Zealand investors is a regulated offer made under Australian and New Zealand law. In Australia, this is Chapter 8 of the Corporations Act 2001 (Aust) and regulations made under that Act. In New Zealand, this is subpart 6 of Part 9 of the Financial Markets Conduct Act 2013 and Part 9 of the Financial Markets Conduct Regulations 2014.
- 2 This offer and the content of the offer document are principally governed by Australian rather than New Zealand law. In the main, the Corporations Act 2001 (Aust) and the regulations made under that Act set out how the offer must be made.
- 3 There are differences in how financial products are regulated under Australian law. For example, the disclosure of fees for managed investment schemes is different under the Australian regime.
- 4 The rights, remedies, and compensation arrangements available to New Zealand investors in Australian financial products may differ from the rights, remedies, and compensation arrangements for New Zealand financial products.
- 5 Both the Australian and New Zealand financial markets regulators have enforcement responsibilities in relation to this offer. If you need to make a complaint about this offer, please contact the Financial Markets Authority, New Zealand (<http://www.fma.govt.nz>). The Australian and New Zealand regulators will work together to settle your complaint.
- 6 The taxation treatment of Australian financial products is not the same as for New Zealand financial products.
- 7 If you are uncertain about whether this investment is appropriate for you, you should seek the advice of an appropriately qualified financial adviser.

Currency exchange risk

1. The offer may involve a currency exchange risk. The currency for the financial products is not New Zealand dollars. The value of the financial products will go up or down according to changes in the exchange rate between that currency and New Zealand dollars. These changes may be significant.
2. If you expect the financial products to pay any amounts in a currency that is not New Zealand dollars, you may incur significant fees in having the funds credited to a bank account in New Zealand in New Zealand dollars.

Dispute resolution process

The dispute resolution process described in this offer document is available only in Australia and is not available in New Zealand.

About this Product Disclosure Statement (PDS)

This PDS was issued on 1 October 2021 and produced by Russell Investment Management Ltd ABN 53 068 338 974, AFS Licence Number 247 185 (**Responsible Entity, we, us, our, RIM**) as the Responsible Entity of the Russell Investments Global Opportunities Fund - \$NZ Hedged (**Fund**). This PDS relates to investments in Class A units in the Fund (**Units**).

This PDS provides a summary of significant information and contains a number of references to important information contained in the Additional Information Booklet (each of which forms part of the PDS) where marked with a  symbol or otherwise indicated. You should consider all of this information before making a decision about the Fund. The information provided in this PDS and the Additional Information Booklet is for general information only and does not take account of your personal financial situation or needs. You should obtain financial advice tailored to your personal circumstances. A paper copy of this PDS, the Additional Information Booklet and any updated information can be obtained free of charge, on request by contacting us using the details under 'How to Contact Us' set out below.

The Responsible Entity is part of Russell Investments, a global financial services organisation with headquarters in Seattle, USA. All dollar amounts in this PDS are references to Australian dollars. The information in this PDS is current as at the issue date but may change from time to time. Where information that changes is not materially adverse to investors, we will update this information by publishing changes on our website <https://russellinvestments.com/au>.

Eligibility

Investors who qualify as 'Wholesale Clients' as defined under section 761G of the Corporations Act 2001 (**Wholesale Clients**) may invest in Units in the Fund. This PDS can only be used by persons receiving it (electronically or in hard copy) in Australia or New Zealand and does not constitute an offer or recommendation of securities in any jurisdiction, or to any person to whom it would be unlawful to make such an offer. Retail Clients as defined under section 761G of the Corporations Act 2001 can only access Units through a nominee (Indirect Investors).

Unless otherwise defined in this document, defined terms have the meaning given to them in the Additional Information Booklet.

How to Contact Us

If you are accessing the Fund through a nominee you should first contact the operator of the nominee.

For Wholesale Clients:

If you have any questions or require any further information in relation to the Fund, you may contact Russell Investments Fund Operations or the Client Service Manager (details on the left).

1. About Russell Investment Management Ltd

RIM is the Responsible Entity for the Fund. RIM is responsible for the operation of the Fund and has the power to delegate certain duties in accordance with the Corporations Act 2001 and the constitution of the Fund (**Constitution**).

Russell Investments is a global investment solutions partner, dedicated to helping investors reach their long-term goals. Building on an 85-year legacy of continuous innovation to deliver exceptional value to clients, Russell Investments offers investment solutions in 32 countries, managing over A\$441 billion in assets (as of 30 June 2021). Russell Investments specialises in multi-asset solutions, scouring the globe for investment strategies, managers and asset classes to deliver to its clients around the world.

Headquartered in Seattle, Washington, Russell Investments has offices in 18 cities, including in New York, London, Tokyo and Shanghai. For more information about how Russell Investments helps to improve financial security of its clients, visit <https://russellinvestments.com/au>.

RIM may appoint one or more different money managers (including other members of Russell Investments) (each an "investment manager") to manage some or all of the assets of the Fund.

2. How the Fund works

The Fund is a managed investment scheme (**MIS**) registered with the Australian Securities and Investments Commission (**ASIC**). 'Interests' in a scheme are 'financial products' and are governed by the *Corporations Act 2001* and the Constitution. When you invest in the Fund, your money is pooled with investments from other investors and used to buy assets for the Fund, which we manage on behalf of all investors. We, rather than you, have control over the Fund's assets, management and operation. Your investment is not a direct investment in any particular asset of the Fund and does not give you an interest in it.

Indirect Investors accessing the Fund through a nominee, please contact the operator of the nominee for this information. Other investors should refer to the information below.

You should read the important information 'About Russell Investment Management Ltd' before making a decision - go to section 1 of the Additional Information Booklet available at <https://russellinvestments.com/au/RNZ/aboutrim>

The material relating to 'About Russell Investment Management Ltd' may change between the time when you read this PDS and the day when you acquire the product.

You should read the important information about 'How the Fund works' before making a decision - go to section 2 of the Additional Information Booklet available at <https://russellinvestments.com/au/RNZ/howfundworks>

The material relating to 'How the Fund works' may change between the time you read this PDS and the day when you acquire the product.

Investing

You must complete the Application Form attached to this PDS. If you are a new investor, you must also complete the forms contained in the Client Account Manual, which is available from Russell Investments Fund Operations.

Application Forms are generally processed each business day. As long as we receive your completed Application Form and application money by 12:00 noon Sydney time on a business day, we will generally process your application using the entry price for that business day. If we receive your completed Application Form or additional investment and application money after this time, or on a day that is not a business day, we will generally process your application using the entry price for the next business day after we receive it.

Application monies that have been received but are not able to be invested will be held without bearing interest for up to one month following receipt, at which time the monies will be returned to you.

Please note that we may, without giving any reason, refuse all or part of an application.

When you invest directly you will be issued a number of Units in the Fund based upon the amount invested and the current entry price for Units. Entry prices for Units are determined in accordance with the Constitution based on the net asset value of Units (**NAV**) divided by the number of Units on issue in the Fund, plus any buy spread as referred to in section 6 of this PDS. The NAV for Units is calculated based on the assets of the Fund attributable to Class A units less the liabilities (including costs and expenses) of the Fund attributable to Class A units.

Your Units represent your proportionate share of the Fund and the value of your investment. As a result, each Unit has a dollar value or 'unit price'. In accordance with the Constitution we may create and issue additional classes of units in the Fund.

Unit prices in the Fund will vary as the market value of the assets of the Fund rises or falls.

You can increase your investment in the Fund at any time by applying for more Units in the Fund and decrease your investment by transferring or withdrawing some of your Units in the Fund. Please contact Russell Investments Fund Operations for instructions on how to make additional investments.

Withdrawing

To withdraw your Units you need to provide us with a written withdrawal request signed by authorised signatories.

Exit prices for Units are determined in accordance with the Constitution based on the NAV divided by the number of Units on issue in the Fund, less any sell spread as referred to in section 6 of this PDS. Withdrawal requests are generally processed each business day. As long as we receive your completed withdrawal request by 12:00 noon Sydney time on a business day, we will generally process the withdrawal request using the exit price for that business day. If we receive a request after this time, or on a day that is not a business day, we will generally process the request using the exit price for the next business day after we receive it.

Withdrawal monies will generally be paid within 14 days of us processing a withdrawal request.

The Constitution allows us more time to process withdrawal requests and pay withdrawal monies than outlined above.

The processing of withdrawal requests may be delayed while a distribution is being determined (see "Distributions" below). Upon resumption of processing, we will generally process your withdrawal request using the exit price for the day we received it.

Suspension of transactions

In some circumstances, such as where we may suspend the processing of withdrawal requests (including for example, where it is impractical to calculate the exit price due to market closures or trading restrictions) investors will not be able to withdraw their funds within the usual time on request. Withdrawal requests received by us during a period of suspension are deemed to be received on the first business day after cessation of the suspension.

Distributions

Any income of the Fund is usually distributed quarterly. In addition:

- Where there are large withdrawals from the Fund on any one day, we may determine that part of a withdrawal amount consists of income. If this circumstance affects a withdrawal you have made, this will be advised to you in your annual tax statement.
- Where there are large applications to the Fund on any one day, we may determine to calculate and pay a special distribution to all investors of the Fund. If this occurs, you will be issued with a distribution statement.

The distribution amount you will receive for Units will be the pro rata proportion of the income available for distribution to Unitholders, calculated according to the number of Units you hold relative to the number of Units on issue at the relevant time. Unit prices may fall after a distribution. If you invest just before income is distributed, you may find you quickly get back some of your capital as income.

Distributions are reinvested unless you elect otherwise. You can elect to have your distributions paid directly into a nominated Australian or New Zealand bank account by notifying us.

All reinvested distributions are invested at the price next calculated after the distribution is paid. There is no buy/sell spread associated with distribution reinvestment.

Please note that, whilst generally the Fund will distribute income as specified above, there is no guarantee that income will be available for distribution in any distribution period.

3. Benefits of investing in the Fund

1) Actively managed investment strategy The Fund offers broad exposure to global shares, each selected as among the best companies on a global basis. The global approach is augmented with the skills of single country or regional specialists, who focus on stock selection, to complement the exposures of the global managers. The Fund is hedged to minimise the impact of currency movements.

The investment strategy is based on the same deep insights, high standards and stringent research we use working for many of the world's largest investors.

2) Deep global insights The majority of investment opportunities reside outside of Australia. We operate a global business with specialists in the major markets around the world. Our global presence ensures that our clients and investors benefit from our investment professionals' regional and global expertise. We base our portfolio managers and manager researchers in the markets in which they work allowing them to better understand their portfolios, enabling quicker and more decisive action.

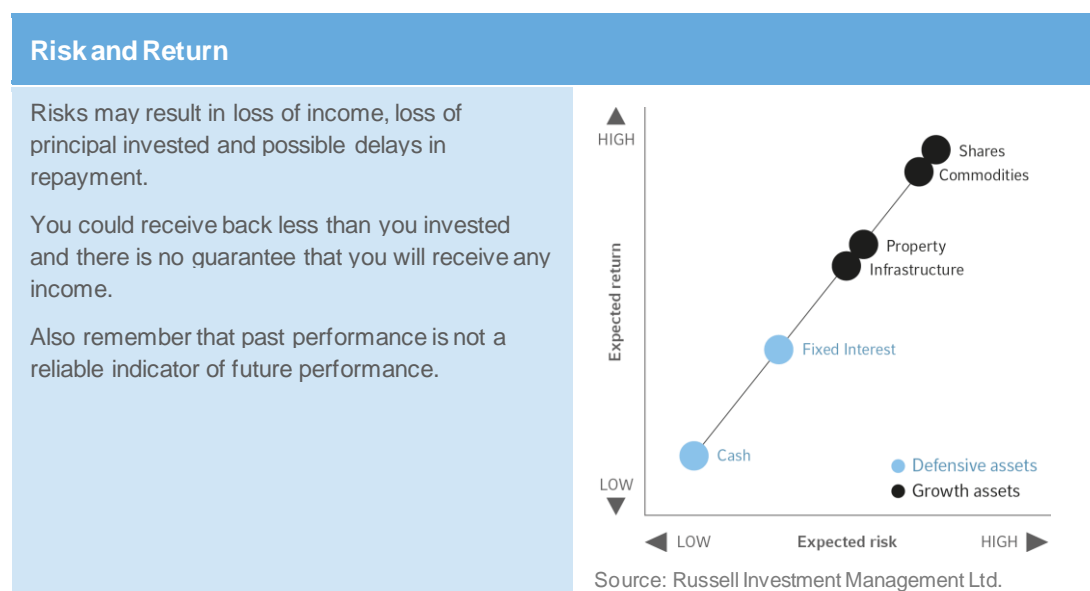

3) Best of breed approach The manager research team scours the globe for investment opportunities, wherever they reside. Our analysts seek to identify superior investment manager talent through a proprietary research process based on objective analysis. We combine decades of consulting experience, proprietary analytics and our renowned manager research to bring the optimal combination of managers in each asset class.

4. Risks of managed investment schemes

All investments carry risk. Different strategies may carry different levels of risk, depending on the assets that make up the strategy. Assets with the highest long-term returns may also carry the highest level of short term risk. For example, shares and commodities have relatively higher risk, and higher expected return, than fixed interest and cash.

As with most investing, returns are not guaranteed and investors in the Fund may lose some or all of their money. The value of your investment will vary. The level of returns will vary, and future returns may differ from past returns. Laws affecting registered MISs (including the Fund) may change in the future. Short-term fluctuations in the value of investments are common, particularly with respect to shares and commodities.

The risk/return graph below indicates the relative position of each major asset class.

You should read the important information about 'Risks of managed investment schemes' before making a decision - go to section 4 of the Additional Information Booklet available at <https://russellinvestments.com/au/RNZ/risks>

The material relating to 'Risks of managed investment schemes' may change between the time when you read this PDS and the day when you acquire the product.

Note: The above risk/return graph indicates potential return volatility for different asset classes. Asset classes with higher volatility of returns are considered to have higher risk, but they are generally expected to produce a greater return over the long-term.

The significant risks you should be aware of are:

Market risk: the market price of the Fund's investments may fluctuate as a result of such factors as economic conditions, regulations, sentiment and geopolitical events as well as environmental, social and technological changes. These fluctuations may impact on the value of the investments in the Fund which will impact on the unit price of the Fund.

Derivatives risk: the Fund is exposed to exchange-traded and over-the counter derivative instruments including but not limited to currency forwards and swaps, interest rate and total return swaps and futures and options. Derivatives usually derive their value from the value of a physical asset, interest rate, exchange rate or market index. They can be used to manage certain risks in investment portfolios; however, they can also expose a portfolio to additional risks.

A derivative contract may involve leverage i.e. it provides exposure to a potential gain or loss from a change in the level of the market price of a security, currency or basket index in a notional amount that exceeds the amount of cash or assets required to establish or maintain the derivative contract. Accordingly, derivative instruments can be highly volatile and expose investors to a high risk of loss.

Counterparty and settlement risk: the Fund is exposed to counterparty and settlement risk. These risks are influenced by, amongst other things, market practices (e.g. settlement and custody practices), the creditworthiness of the parties the Fund is exposed to including derivative counterparties, and the level of government regulation in countries in which the Fund invests.

Emerging markets risk: the Fund is exposed to emerging market securities, which may be subject to higher levels of market volatility leading to higher general investment risk. Interest rate and currency risks may be greater due to higher levels of volatility in the economies of emerging markets. Furthermore, emerging market securities are often less liquid than the securities of developed markets. Counterparty and settlement risks are also increased.

To manage your risks, you should obtain professional investment advice that is tailored to your investment objectives, financial situation and particular needs. The level of risk for each investor will vary depending on a range of factors including age, investment timeframe, where other parts of the investor's wealth are invested and risk tolerance

5. How we invest your money

WARNING: You should consider the likely investment return, the risk and your investment timeframe when choosing to invest in the Fund.

Russell Investments Global Opportunities Fund - \$NZ Hedged – Class A

ARSN: 112 398 786 APIR: RIM0073AU

Investment return objective: To significantly outperform the Fund's benchmark, before costs and tax, over the long term by providing exposure to a diversified portfolio of predominantly international shares, largely hedged into New Zealand dollars.

Suitability: Suitable for investors seeking overseas share-like returns, who have a long investment horizon and are willing to accept some emerging markets risks, but wish to limit currency risks. Investors must also be willing to accept the possibility of negative returns over the short to medium term.

Minimum investment timeframe: 7 years

Benchmark: MSCI ACWI Index - 100% Hedged to NZD – Net

Investment strategy[^]: The Fund invests predominantly in a broad range of international shares listed on stock exchanges in developed and emerging international markets. Derivatives may be used to obtain or reduce exposure to securities and markets, to implement investment strategies and to manage risk. Foreign currency exposures are largely hedged back to New Zealand dollars.

Asset allocation[#]: The Fund may invest up to 100% in international shares. The Fund may also invest up to 10% in cash⁺.

Risk level^{*}: High

[^]The Fund is a feeder fund which gains exposure to these assets by investing substantially all of its assets in the Russell Investments Global Opportunities Fund.

[#] The actual asset allocation may temporarily fall outside the ranges stated above in certain circumstances, such as asset transitions or extreme market movements.

⁺ Refers to the net cash exposure.

^{*} The risk level assigned to the Fund is based on our assessment of how often the Fund may experience a negative annual return in a 20 year period. Please refer to the 'Risks' section in the 'How we invest your money' section in the Additional Information Booklet.

 You should read the important information about 'How we invest your money' before making a decision - go to section 5 of the Additional Information Booklet available at <https://russellinvestments.com/au/RNZ/investing>. The material relating to 'How we invest your money' may change between the time when you read this PDS and the day when you acquire the product.

6. Fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example reduce it from \$100 000 to \$80 000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you to calculate the effect of fees and costs on account balances and check out different fee options.

 You should read the important information about 'Fees and costs' before making a decision - go to section 6 of the Additional Information Booklet available at <https://russellinvestments.com/au/RNZ/fees>

The material relating to 'Fees and costs' may change between the time when you read this PDS and the day when you acquire the product.

This section shows fees and other costs you may be charged. This information can be used to compare costs between different simple managed investment schemes. These fees and costs can be paid directly from your account or deducted from your investment returns. Taxes are set out in another part of this document. If you are an Indirect Investor investing via a nominee, any additional fees that you may be charged by the nominee should be set out in their offer document.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

Fees and costs summary

Russell Investments Global Opportunities Fund – \$NZ Hedged - Class A		
Type of fee or cost ¹	Amount	How and when paid
Ongoing annual fees and costs³		
<i>Management fees and costs</i> The fees and costs for managing your investment	Estimated to be 0.09% p.a. of the net asset value (NAV) of the Fund comprised of: 1. A management fee of 0.01% p.a. of the NAV of the Fund ² ; 2. Estimated indirect costs of 0.06% p.a. of the NAV of the Fund; and 3. Estimated expense recoveries of 0.02% p.a. of the NAV of the Fund	1. The management fee is calculated and accrued daily in the unit price and paid monthly in arrears. The management fee for a month is paid on or after the first day of the following month. This fee is payable from the assets of the Fund. The amount of this fee can be negotiated. 2. Indirect costs are paid out of the Fund's assets or an underlying fund's assets as and when incurred. 3. Expense recoveries are paid out of the Fund's assets as and when incurred.
<i>Performance fees</i> Amounts deducted from your investment in relation to the performance of the product	Nil	Not applicable
<i>Transaction costs</i> The costs incurred by the scheme when buying or selling assets	Estimated to be 0.14% p.a. of the NAV of the Fund ⁴	Transaction costs generally arise when the value of the assets of the Fund are affected by the day-to-day trading of the Fund and are paid out of the assets of the Fund as and when incurred.
Member activity related fees and costs (fees for services or when your money moves in or out of the scheme)³		
<i>Establishment fee</i> The fee to open your investment	Nil	Not applicable
<i>Contribution fee</i> The fee on each amount contributed to your investment	Nil	Not applicable
<i>Buy-sell spread</i> An amount deducted from your investment representing costs incurred in transactions by the scheme	Estimated to be 0.20% of the application amount on application and / 0.15% of the withdrawal amount on withdrawal ⁵	Buy/sell spreads apply to the Fund. As at the date of this PDS, a buy spread of 0.20% is charged on each application and a sell spread of 0.15% is charged on each withdrawal. The buy/sell spread is reflected in the buy price and sell price respectively for units in the Fund and is not separately charged to the investor
<i>Withdrawal fee</i> The fee on each amount you take out of your investment	Nil	Not applicable
<i>Exit fee</i> The fee to close your investment	Nil	Not applicable
<i>Switching fee</i> The fee for changing investment options	Nil	Not applicable

¹ See 'Additional explanation of fees and costs' below and in the Additional Information Booklet, which forms part of this PDS, for further details on fees and costs that may be payable. Unless otherwise stated, the fees and costs shown are inclusive of GST and net of any applicable input tax credits and reduced input tax credits, and are shown without any other adjustment in relation to any tax deduction available to RIM.

² The amount of the management fee may be negotiated if you are a wholesale client pursuant to the Corporations Act. For further

information refer to 'Different fees' in the 'Additional explanation of fees and costs' section in the Additional Information Booklet.

- ³ All estimates of fees and costs in this section are based on information available as at the date of this PDS. All fees reflect RIM's reasonable estimates of the typical fees for the current financial year. All costs reflect the actual amount incurred for previous financial year and may include RIM's reasonable estimates where information was not available as at the date of this PDS or where RIM was unable to determine the exact amount. These costs can vary from period to period, and the actual costs incurred in future periods may differ from the numbers shown here. Please refer to the 'Additional explanation of fees and costs' section below and in the Additional Information Booklet for more information on fees and costs that may be payable. Management fees and costs may not equal the management fee plus indirect costs plus expense recoveries due to rounding.
- ⁴ The transaction costs disclosed in this section are shown net of any recovery received by the Fund from the buy/sell spread charged to transacting Unitholders. Please refer to the 'Additional explanation of fees and costs' section in the Additional Information Booklet for further details.
- ⁵ In estimating the buy/sell spread, RIM has assumed that the applications or withdrawals are made during normal market conditions, as in times of stressed or dislocated market conditions (which are not possible for RIM to predict) the buy/sell spread may increase significantly and it is not possible to reasonably estimate the buy/sell spread that may be applied in such situations. RIM may vary the buy/sell spreads from time to time, including increasing these costs without notice when it is necessary to protect the interests of existing investors and if permitted by law. The updated information will be disclosed on our website. Please refer to the 'Additional explanation of fees and costs' section in the Additional Information Booklet for further details.

Example of annual fees and costs for the Russell Investments Global Opportunities Fund - \$NZ Hedged – Class A

This table gives an example of how the ongoing annual fees and costs in the Russell Investments Global Opportunities Fund - \$NZ Hedged can affect your investment over a 1 year period. You should use this table to compare this product with other products offered by managed investment schemes.

Example: Russell Investments Global Opportunities Fund \$NZ Hedged – Class A		Balance of \$50,000 with total contributions of \$5,000 ¹ during the year
Contribution Fee	Nil	For every \$5,000 you put in, you will be charged \$0.
PLUS Management fees and costs ^{3,4}	0.09% p.a. of the NAV of the Fund	And, for every \$50,000 you have in the Fund, you will be charged or have deducted from your investment \$45 each year.
PLUS Performance fees	Nil	And, you will be charged or have deducted from your investment \$0 in performance fees each year
PLUS Transaction costs	0.14% p.a. of the NAV of the Fund	And, you will be charged or have deducted from your investment \$70 in transaction costs
EQUALS Cost of Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, then for that year you will be charged fees and costs of \$115 ^{2,3} . What it costs you will depend on the investment option you choose and the fees you negotiate.

¹ The additional management fees and costs will be on a pro-rata basis and will vary depending on when you have made the additional investment during the year. This example is prescribed by the Corporations Act, assumes that the \$50,000 is invested for the entire year, the value of the investment is constant over the year and that the additional \$5,000 is invested on the last day of the year (and therefore, the management fees and costs are calculated using an investment balance of \$50,000 only). Please note this is an example only. In practice your actual investment balance will vary daily, and hence the actual management costs charged, will also vary daily

² Additional fees may apply. A buy/sell spread may also apply to investments into and withdrawals from the Fund, which is not taken into account in this example. Please refer to section 6 of the 'Additional Information Booklet' under 'Fees and costs' for more information.

³ All estimates of fees and costs in this section are based on information available as at the date of this PDS. All fees reflect RIM's reasonable estimates of the typical fees for the current financial year. All costs reflect the actual amount incurred for previous financial year and may include RIM's reasonable estimates where information was not available as at the date of this PDS or where RIM was unable to determine the exact amount. Please refer to the 'Additional explanation of fees and costs' section below and in the Additional Information Booklet for more information on fees and costs that may be payable.

⁴ The amount of the management fee may be negotiated if you are a wholesale client pursuant to the Corporations Act. For further information refer to 'Different fees' in the 'Additional explanation of fees and costs' section in the Additional Information Booklet.

Warning: If you consult a financial adviser, additional fees may be paid by you. You should refer to the statement of advice provided by your financial adviser in which details of the fees are set out.

Additional explanation of fees and costs

Fee changes

We have the right to change the fees described in this PDS at any time, without your consent, except if required by the Corporations Act. Any increase in the Fund's fees will be communicated to you at least 30 days before it occurs when legally required to do so. All estimates of fees and costs in this section 6 are based on information available as at the date of this PDS. You should refer to the Fund's website <https://russellinvestments.com/au> from time to time for any updates which are not materially adverse to investors.

7. How managed investment schemes are taxed

Warning: Investing in a registered MIS is likely to have tax consequences and you are strongly advised to seek professional tax advice.

A registered MIS does not generally pay tax on behalf of Australian resident investors, who are assessed for tax on any income and capital gains generated by the registered MIS, and capital gains on disposal of their units in the MIS. Non-resident investors should seek their own specific advice.

Tax laws are subject to change and the tax consequences of investing in the Fund may differ from investor to investor.

You should read the important information about 'How managed investment schemes are taxed' before making a decision - go to section 7 of the Additional Information Booklet available at <https://russellinvestments.com/au/RNZ/tax>

8. How to apply

Indirect Investors

For Indirect Investors accessing the Fund through a nominee, please contact the operator for this information.

Wholesale Clients

You need to read this PDS and the additional information that is referenced in this PDS. Then you must complete and sign the Application Form attached to this PDS. Refer to the 'How the Fund works' section for more detail.

Cooling off rights

Cooling off rights do not apply to investments made pursuant to this PDS. Indirect Investors investing through a nominee should consult the PDS of the nominee in relation to cooling-off terms.

Complaints

If you make a complaint, we will acknowledge your complaint as soon as practicable after we receive it. We will assess your complaint and inform you of the outcome within 30 days of receiving your complaint. If you have any complaints, please contact us:

The Complaints Manager
Russell Investment Management Ltd
GPO Box 3279
SYDNEY NSW 2001, Australia

Email: disputeresolution@russellinvestments.com

Fax number: 1300 768 040 (in Australia): +612 9229 5116 (outside Australia)

Phone number: (02) 9229 5111 (in Australia): +612 9229 5111 (outside Australia)

We are also a member of an external dispute resolution ("EDR") scheme, which you can contact if we have not resolved an issue to your satisfaction. The scheme we are currently a member of is the Australian Financial Complaints Authority ("AFCA"). AFCA provides fair and independent financial services complaint resolution that is free to consumers.

Website: www.afca.org.au **Email:** info@afca.org.au **Telephone:** 1800 931 678 (in Australia)

In writing to: Australian Financial Complaints Authority, GPO Box 3, Melbourne VIC 3001, Australia

If you are an Indirect Investor, your first point of contact is the operator of your nominee. If any issues you have about the Fund remain unresolved after contacting the nominee then you can contact the complaints scheme of which the nominee is a member.

The material relating to 'How managed investment schemes are taxed' may change between the time when you read this PDS and the day when you acquire the product.

Signature

- I/We:
- » confirm that I/we have read the PDS to which this Application Form relates;
 - » agree to be bound by the terms and conditions of the PDS and the Fund's constitution;
 - » acknowledge that the repayment of investment capital and the payment of any income is not guaranteed;
 - » consent to the use of my/our personal information in accordance with the 'Your privacy' section of the PDS;
 - » acknowledge that I/we am/are a 'wholesale client' within the meaning of section 761G of the Corporations Act 2001 and indemnify Russell Investment Management Ltd for any consequences that may arise if I/we am/are not a 'wholesale client';
 - » if I am a New Zealand investor, confirm that I have read and understood the 'Important Information for New Zealand Investors' section in the additional information to this PDS; and
 - » acknowledge that the law prohibits a person from giving another person this Application Form (either electronically or otherwise) without also giving them a copy of the PDS. Paper copies of PDS are available free of charge; and
 - » confirm that I/we accept all documentation and notices relating to the Fund in electronic form.

This Application Form must be signed by the applicant or all applicants if it is a joint application. If signed under power of attorney, the attorney verifies that no notice or revocation of power has been received. A certified copy of the power of attorney must be forwarded with the Application Form. Corporate applications must be signed in accordance with the corporation's constitution and the *Corporations Act 2001* (Cth). Joint applications will be treated as joint tenants. This means that on the death of one holder, the survivor will have title to the units.
