

**Amendment No. 1 dated October 13, 2017
to the Simplified Prospectus dated June 29, 2017**

of

**Multi-Asset Equity Completion
(the “Fund”)
(Series B, F and O units)**

On October 23, 2017, Multi-Asset Equity Completion will change its name to Multi-Asset International Equity. The Fund also now distributes its net income monthly.

Accordingly, the simplified prospectus of the Fund is changed as follows:

Name change

Effective October 23, 2017:

1. The reference to “Multi-Asset Equity Completion” on the cover page of the simplified prospectus is changed to “Multi-Asset International Equity (*formerly Multi-Asset Equity Completion*)”.
2. All other references to “Multi-Asset Equity Completion” in the simplified prospectus are changed to “Multi-Asset International Equity”.

Distribution policy

The first sentence under the heading “Distribution Policy” in Part B of the simplified prospectus is deleted and replaced with the following:

Distributions are made from the Fund as follows:

- Net income – monthly
- Net realized capital gains – in December of each year

Monthly distributions will be in amounts we estimate to be approximately 1/12 of the Fund’s net income for the year. In December of each year, the Fund will pay or make payable to its unitholders sufficient net income and net realized capital gains so that the Fund will not be liable for income tax. If the amount paid or made payable to unitholders in December is more than the amount distributed to them through monthly distributions during the year, this will result in a greater distribution in December on such series of units. If the amount paid or made payable to unitholders in December is less than the amount distributed to them through monthly distributions during the year, then the difference will be a return of capital.

Though monthly distributions made during the year are expected to consist of net income of the Fund for Canadian tax purposes, the character of monthly distributions will not be determined with certainty until after the end of the Fund’s taxation year. At such time, the net income of the Fund will be allocated to all unitholders who received a distribution from the Fund during the year. This allocation of net income, including the particular character of the Fund’s income, will be pro-rated based on the Fund’s total distributions for the year. Please see “Income tax considerations for investors” for more details.

Distributions are not guaranteed to occur on a specific date and the Fund is not responsible for any fees or charges incurred by you because the Fund did not effect a distribution on a particular day.

Based on your or your dealer's selection between cash distributions or reinvested distributions, we either pay distributions to you in cash or reinvest all distributions to purchase additional units of the same series of the Fund. If you and your dealer do not select one of cash distributions or reinvested distributions, we reinvest all distributions to purchase additional units of the same series of the Fund. You may request that all distributions paid by the Fund be paid to you in cash instead of having them reinvested, or vice versa, by notifying your dealer in writing. Your request will take effect with respect to distribution dates falling at least 15 days after we receive the request.
