Fund Update

Russell Investments, as the Investment Manager, adopts and executes the ideas of the selected third-party specialist investment managers through our in-house implementation team. The Fund is dynamically managed in alignment with our cycle, valuation, sentiment (CVS) framework to take advantage of tactical opportunities within each manager's excess return cycle. The Fund has moderated its exposure to value and increased its tilt towards growth. The Fund also remains exposed to small and mid-cap factors, quality and momentum. In sectors, the Fund is tilted towards industrials, technology, consumer discretionary and communication services.
