

Russell Investments Japan Equity Fund

Makiko Hakozaiki
Portfolio Manager

Russell Investments' Global Equity Team comprises over 23 experienced professionals, including portfolio managers, researchers, portfolio analysts, and strategists in Russell Investments offices around the globe. The team manages a wide range of U.S., non-U.S developed, emerging market, frontier market, and global equity mandates.

Fund Objective

The Fund aims to achieve long term growth by investing in the shares of Japanese companies. The Fund is broadly diversified across different Japanese companies and industry sectors. The Fund is actively managed with reference to the Topix Index (JPY) - Net Returns (the Index) which it seeks to outperform by 1.75% over the medium to long term. Russell Investments/ Money Managers have full discretion to select investments for the Fund. This product is an Article 8 product, as defined under EU regulation -- it promotes environmental or social characteristics and invests in companies that follow good governance practices. This product does not have sustainable investment as its objective.

Fund Update

We continue to see some interesting investment opportunities from a fundamental and value perspective in the Japanese market. In the current market environment, the Fund maintains a positive exposure to both growth and value with increasing risk budget to stock specifics. By diversifying Fund positions in both defensive and dynamic styles, while maintaining market sensitivity close to the benchmark, the Fund is well positioned for continued economic and earnings growth, but with reasonable downside protection.
