Fund Objective

To provide income with some long-term capital growth primarily through exposure to Canadian fixed income investments and, to a lesser extent exposure to Canadian and foreign equity securities.

Investment Strategy

Multi-Asset Income Strategy (MAIS) is diversified across a range of asset classes, including equities, fixed income and absolute return strategies, with a dynamic approach to asset allocation. Derivatives may be used to implement investment strategies.

Performance Review

	1 month	3 months	6 months	Year to date	1 year	3 years	5 years	10 years	Since inception
Series F	-0.6%	0.6%	5.6%	8.5%	8.5%	1.7%	3.4%	3.7%	4.4%

Annual Returns

All Performance shown is for Series F. Series F is a wrap or fee-for-service program and as such, the performance shown does not include the advisory fee paid by the investor to the dealer that would have reduced returns. Series F management fees are lower than Series B. Annual returns are calendar year returns for the last ten years or since inception if the Fund has less than ten years of history. Performance is annualized except for periods of less than one year.

Important Information

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing. The indicated rates of returns are the historical annual compounded total returns including changes in unit/share value and reinvestment of all dividends or distributions and does not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. Mutual Funds are not guaranteed, their values change frequently and past performance may not be repeated.

All rates of return shown are for periods ending December 31, 2024. Rates of return shown for less than one year are not annualized. All other data shown is as of December 31, 2024 with exception of Regional Weights, Ten Largest Holdings, Maturity Allocation, Credit Quality Ratings and Fixed Income Sector Weights, which are as of November 30, 2024. Holdings may differ from a fund's holdings in its annual financial statements.

As with all mutual funds, investment in this mutual fund contains risks that may make it unsuitable for investors, depending on their investment objectives and risk tolerance. If the fund does not perform as intended, an investor may experience a loss of part or all of their principal invested. Please read the prospectus of this fund for a detailed description of the risks involved in this investment.
