As of March 31, 2024. Management expense ratio (MER) is based on total expenses (excluding commissions and other portfolio transaction costs) for the stated period and is expressed as an annualized percentage of daily average net asset value during the period.

Reflects the annual rate at which dividends are being paid. It is the weighted average of each stock's annual dividend rate (including any one time special dividends) divided by the price of the stock as of May 31, 2024.

Investment management fees, expenses and taxes are not included in this calculation that would have decreased the yield shown. Dividend yields can change based on the performance of underlying stocks.

Std. dev. = standard deviation. For definition of terms please visit <https://russellinvestments.com/ca/glossary-of-terms>.

## Fund Objective

To provide long-term total returns consisting of regular dividend income and modest long-term capital growth by investing principally in dividend-paying common and preferred shares of Canadian issuers listed on recognized stock exchanges.

## Investment Strategy

Russell Investments Canadian Dividend Pool (The Fund) invests primarily in shares of Canadian companies, using the following styles: market-oriented, quality value, small-capitalization and growth-oriented. The Fund may invest in units of Canadian income trusts from time to time, and up to 30% of its net assets in foreign equity securities.

## Important Information

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing. The indicated rates of returns are the historical annual compounded total returns including changes in unit/share value and reinvestment of all dividends or distributions and does not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. Mutual Funds are not guaranteed, their values change frequently and past performance may not be repeated.

As with all mutual funds, investment in this mutual fund contains risks that may make it unsuitable for investors, depending on their investment objectives and risk tolerance. If the fund does not perform as intended, an investor may experience a loss of part or all of their principal invested. Please read the prospectus of this fund for a detailed description of the risks involved in this investment.
