As of March 31, 2024. Management expense ratio (MER) is based on total expenses (excluding commissions and other portfolio transaction costs) for the stated period and is expressed as an annualized percentage of daily average net asset value during the period.

Reflects the annual rate at which dividends are being paid. It is the weighted average of each stock's annual dividend rate (including any one time special dividends) divided by the price of the stock as of November 30, 2024.

Investment management fees, expenses and taxes are not included in this calculation that would have decreased the yield shown. Dividend yields can change based on the performance of underlying stocks.

Fund Objective

To provide long-term capital growth by investing principally in equity securities of issuers outside of Canada and the United States using multiple factors to select investments.

Investment strategy

Russell Investments Multi-Factor International Equity Pool (The Fund) uses research driven analysis that seeks to isolate and assess a diversified set of factors (including Value, Momentum, Quality, Low Volatility, Growth and Small-Capitalization), each of which is intended to identify suitable investments for the Fund.

Performance Review

| | 1 month | 3 months | 6 months | Year to date | 1 year | 3 years | 5 years | 10 years | Since inception |
|----------|---------|----------|----------|--------------|--------|---------|---------|----------|-----------------|
| Series F | -0.2% | -2.1% | 3.1% | 12.4% | 12.4% | 6.1% | 6.1% | - | 4.5% |

Annual Returns

All Performance shown is for Series F. Series F is a wrap or fee-for-service program and as such, the performance shown does not include the advisory fee paid by the investor to the dealer that would have reduced returns. Series F management fees are lower than Series B. Annual returns are calendar year returns for the last ten years or since inception if the Fund has less than ten years of history. Performance is annualized except for periods of less than one year.

Important Information

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing. The indicated rates of returns are the historical annual compounded total returns including changes in unit/share value and reinvestment of all dividends or distributions and does not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. Mutual Funds are not guaranteed, their values change frequently and past performance may not be repeated.

As with all mutual funds, investment in this mutual fund contains risks that may make it unsuitable for investors, depending on their investment objectives and risk tolerance. If the fund does not perform as intended, an investor may experience a loss of part or all of their principal invested. Please read the prospectus of this fund for a detailed description of the risks involved in this investment.
